ACTIONS TAKEN REPORT

STUDENTS FEEDBACK

i)	Content of course is based on current professional needs and demand	Less than 50 % students think that current course is based on current professional needs & demand. So it needs to be reformed immediately. Appropriate actions will be taken for the same.
ii)	Practical's/Labs are given equal importance	It needs to be looked into more seriously. so practical and labs should be given equal importance.
iii)	The practicals/lab experiments enhanced understanding of concepts of theory	The teachers should devote more time to create a link between theory taught in classes and topics taught in labs
iv)	Course content enhances technical skills to practice profession	The faculty should do more practice as far as technical skills are concerned, so that students learn from them
v)	Adequate reference books are available in Library	This thing first needs to be confirmed from library..Then it found so, should be increased in number.
vi)	Appropriate reference material (print & online) is provided	Again, it needs confirmation, only then appropriate actions can be planned, accordingly.
vii)	Teaching methods encourage your participation in learning	Yes, they are upto the mark.. and should be changed according to the requirements
viii)	Teacher is responsive to	The teachers should be acknowledged about this feedback. So that they should show more concern towards students' needs & problems
