Brief Profile of Expert:

Organizers: Association of Neuro-Rehabilitation, Faculty of Physiotherapy

Report of the EVENT:

Association of Neuro-Rehabilitation under the banner of Faculty of Physiotherapy organized a seminar on “Electrical Enlightening of Cortex through non-invasive brain stimulation (tDCS)” on 25th March, 2023 at Hospital Auditorium. The event began with Saraswati pooja to seek blessings of Goddess of knowledge. Dr. Pooja Anand, (Dean and Prof.) Faculty of Physiotherapy welcomed today's guest speaker Dr. Shefali Shah and the guest of honour Dr. Atul Nasa, Pro-vice chancellor, SGT University. Seminar started with a theory session in which Dr. Shefali very deeply and intricately explained the mechanics and application of this non-invasive brain stimulating modality. She also enlightened about the current research trends and its importance in rehabilitation of various neurological and psychological conditions. Students actively participated and interacted with the resource person throughout the talk. At the end a brief demonstration on the usage of technique was done. The event ended with a thank you note by Dr. Pooja Anand. Dr. Saurabh coordinated the event. Overall, it was an enthralling and enlightening experience for both the students and the faculty members about this new and lesser-known therapeutic modality.
