Brief Profile of Speaker:

Ms. Sanya Dawra (Junior Executive) Yakult Danone India Pvt. Ltd.

Organizers: Department of Nutrition and Dietetics, Faculty of Allied Health Sciences in association with Yakult Danone India Pvt. Ltd.

Report of the Webinar/ Event / FDP Program:

- a) Introduction: Department of Nutrition & Dietetics organized an industrial visit to Yakult Danone India Private Limited, Sonipat, Haryana on 31st October 2022. Total 109 students and 6 faculties from the Department of Nutrition and Dietetics, MLT and Microbiology became the part of the visit from the Faculty of Allied Health Sciences, SGT University, Gurugram.
- b) Objective of the webinar/ Event / FDP: The objective of the industrial visit was to familiarize the students with the processing, production and packaging aspects at Yakult Danone India (P) Limited.
- c) Brief content of lecture- Yakult Danone India Pvt. Ltd. is a 50:50 joint venture between Yakult Honsha of Japan and Group Danone of France. Yakult is a probiotic drink that contains more than 6.5 billion beneficial bacteria *Lactobacillus casei* strain Shirota. It was in 1930 that Dr. Minoru Shirota, a Japanese scientist discovered a special strain of bacteria that was beneficial to human gut health. Yakult has received ISO 9001: 2008, HACCP, and OHSAS accreditation for manufacturing a safe and quality product for its consumers.

Students were welcomed by, Ms. Sanya Dawra (Junior Executive) and were shown an introductory presentation on the establishment of Yakult, its marketing strategies and distribution channel of Yakult. Thereafter, they were taken for the factory tour by the junior executive to make them understand about the steps and processes involved in the production of Yakult drinks namely, seed room where initial processing starts, processing unit where fermentation takes place for 10-12 days in large fermenters with the help of latest Japanese technologies along with that, they were informed about the in house production of bottles, packaging and labelling processes also. The capacity of the plant is

10 lakhs bottles (units) per day. The product is produced very hygienically. At no point does anyone touch it and the entire process is fully automated with only 30 workers working on it.

The visit was a fruitful experience for the students as they learned the processing stages and the latest technology in producing processed products. It also provided them an opportunity to familiarize themselves with the industry environment. Students participated with enough zeal to make the visit interactive & gained maximum knowledge during the visit. The students were given cookies and a bottle of Yakult (65 ml). The session ended by a group photo of all the sections. Thus, the visit was very informative, knowledgeable, educational, and enriching.
