World AIDS Day is observed on December 1st, every year around the world. It is celebrated to show support for the people who are infected with HIV and to give tribute to AIDS patients. This year, 'Equalize' has been decided as the theme for World AIDS Day. It means everyone should work to eliminate the injustices that is impeding the fight to end AIDS, according to UNAIDS.

The main objective of the event was to encourage people to bind themselves together on a worldwide scale to remove the gaps and inequities that obstruct HIV testing, prevention, and access to care.

The activities included Health Talk and rally by students. More than 45 attendees were present at the program. At the end the programme was highly acknowledged & appreciated by the Sarpanch and villagers.
