1.1 Action taken Report

- Curricula:** More than 80% level of satisfaction and relevance. Needs to maintain by regular revision and updates as per industrial demands.
- Placement:** Not more than 55% students got opportunities for placement. This does not patch with the reports of Placement Cell of the instituion, due to sample error because only 374 members participated in the survey. Yet the council recommends significant improvements in industrial collaborations and intititutional partnership needs to be planned through placement cell of the institution.
