Suggestions Received from Students

Suggestions

..
All good but sometimes network issues .
All things are very good.
best according to present and future needs
Classes should be lesser
During the online examination the time limit should be appropriate to complete the exam
Everything is good but a lot of online classes and the syllabus is being completed very fast
Everything is perfect. We need a bit of more focus on practical knowledge 😊
Everything's on time. Excellent performance for everything.
Few teachers should improve the teaching skills and attitude towards student .

Focus of teachers should be overall development of the batch not to be centred at a particular group.
Good
Great
I m completely satisfied with the way the teachers are guarding us and looking after our needs and demands. Syllabus is also completed on time and teaching method is also highly likable
Improve your attitude towards the class (some teachers)
improvements required
In my faculty some teachers are unable to complete the course.At the time of exam we face problems because the course was not complete.we are unable to study or understand that part of syllabus which was left .and they also not conduct the classes regularly. This problem is not only for online classes but for offline classes also.
I also have concern regarding practical classes which are not taken as they way they used to be taken in online and offline mode.
It is good
It's good till these semester
Kindly make a committee which solve students problem so that the image of students dont degraded in teacher s mind
MCQ pattern should be brought back
Microbiology course is not allotted to anyone so plz allot asap
Nice
Nice decorum in class and effective learning.

online classes are going well but the syllabus is covering very fast.
 online classes are going well. But syllabus is covering very fast.
 Outstanding 🍏

Overall everything is fine in our Faculty of Agriculture Science. But there are also some no so fine about things like constantly changing of teachers for some subjects. There is no mercy in giving extra attendance or neither considering the situation of a particular student. And this kind of collective surveys are shared every year but I find no progress or any change regarding studies, personal development within a student, Some teachers forget that not every students are same some students required extra attention extra push because some are shy and could not be able to actively participate in nothing.

Overall good

Overall system is average

Please give equal importance to theory and practical classes.

Plz conduct online exams as this corona pandemic is increasing including black and white fungus

Plz create offline classes as soon as possible

Providing better laboratory practises.

Providing 50% MCQ type questions in EXAM.

SGT UNIVERSITY BEST COURSE (B.SC HONS. AGRICULTURE)

Suggestion and comment are mention in our feedback

the assignments and tests are not conducted very efficiently. I would request to conduct bimonthly test per subject for efficient syllabus coverage and revision.

The practical and theory classes should be equivalent.

University should give relaxation in fees submission during covid period when everyone is facing problem.

University should not ask for full fees during this covid. This showcase nothing else but only greed.
