Overview

Shree Guru Gobind Singh Tricentenary (SGT) University, Gurugram stress upon continuous improvement of its teaching-learning as well as other academic process and policies.

SGT University, every year, rolls out a Structure Feedback Survey for its all stakeholders on the various parameters of teaching-learning and other academic processes to assess the quality of the aforesaid parameters & processes of the university for its continuous improvement.

The Structure Feedback Survey for the students was conducted by the Internal Quality Assurance Cell for the academic session 2020-21 and a detailed report and its analysis of the same is given hereunder as an overview of the survey.

Suggestions Received from Students

Suggestions
1) please announce result on time. 2) scheduled class on time 3) scholarship for all 4) marking criteria should be improve 5) make a body for listening students problem
30 Marks of mcq's and 30 Marks of other questions type's pattern is good in the exam.
All goes well
All good
All is fine
All is good
All over good..

All respected teacher everything is oky but please improve your account management 🙏 🙏

All study materials and practicals are good .

All the students are not same Acc. to todays scenerio not only you and techers but Many students also suffer from this many students had not enough internet or data rechargesfor their online class their parents are also not in any such good condition they are at their homes for years they donot have any money for enough food so kindly help those students who suffer more in this pandemic Please if you find it worthy than please jelp those students now there is not any expenditure od universities for electricity cng and many more so these savings really help those i think u take some action for this Thank you

AI 🙏

Arrange evrything in a systemic manner....

As a student university is good faculty is good but tit has to improve their studing pattern

Average

Best university

Best University in Delhi NCR

Both objective and subjective questions should be given in exam

By improvement in practical knowledge and laboratory work

Can be better

Course is bsc cardiac care technology.. Proper guidance is needed

Do not want online examination

During this pandemic, I refer online mode examination. And make sure no one fail/re-apper in the exam

End semester examination sheets should be shown to the students so they could see if their sheets have been marked correctly. This will help them to avoid the mistakes they have made, in the future.

Also instead of wasting time in dictating the notes in class like a 5th grade teach, focus should be on the explanation of the content.

Everything awesome

Everything is going well

Everything is good

Everything is good.

Excellent

Excellent University to improve the skill.

Faculties are very helpful and made me believe that in India also there is good scope of career in clinical psychology (which is yet an emerging field in Indian society) !! Nandha sir's patience is commendable! He encourages me a lot to work harder and strive for bigger goals in life :)

First complete our first semester exam then move on to next , its difficult to learn both semester subjects.

Focusing on lab/ practical work also

Good

Good

Good education

Good faculty.

Good start-up

Gud

I am totally satisfied with university performa.

I got to know all my confusions solved by teachers. They give their best and I also like to take all the classes

Improve your account management, to encourage outdoor activities and games

It's better enough

Just ok

Kindly improve your laboratory facilities

lab facility should be handled with future prospective

Learning activities should be incorporated in the class
lot of classes n online work load is effecting my mental and physical health as well ,plz try to reduce it
More practical
Need improvement in class environment and take omr paper only
Need more industrial knowledge as well as the practical knowledge to grasp more knowledge of my field!
Need to conduct more practicals
Need to focus more on practical/labs so that we can understand more efficiently
Need to increase students
Needs to improvement in practical knowledge and lab practices.
Nice
Nice
No
No comments
no suggestion required
No. Of students is high as compared with lab
Nothing
Nothing
Nursing faculty is very good
Ok
Online class fading network issue
Online exams should be conducted in this pendamic
Online studies occur then online exms should be conducted
Overall good and productive classes have been going on.
Overall Good but need more attention toward student who are suffering promblem related to fee

Please provide proper material for study . Read out is nt sufficient for students to facing tough subjects .

Please take this semester's exams online.

Satisfied

Should work more on the interaction in classes and providing notes.

Some teacher's don't provide notes on time. Otherwise Everything is good.

Teachers come in the class and divides the syllabus between the students and ask them to prepare the presentation. Teachers beleive we are very intelligent to deliver the content in the form of ppt. To the whole class. Without being thought about the topic even onces. And this goes on since these online classes have begun.

Teachers should understand students problem in this critical time.. listen to their problems and don't pressurise them to answer every time they ask something, submit assignments on time and stuff like that. Give students some time to breath, try and understand they are also facing pandemic. Be lenient with them and have patience.. don't force them to do whatever departments are saying. I hope you will understand our problems as well!
Thank you

The content should give a glance of the practicality in the industry.

The workload including number of classes should be reduced ,because it is effecting overall health of a student like having 4-5 online classes of 45min daily plus preparing of ppts Or anything else(homework) using phone Or laptop, is directly effecting eyes and having a daily headache is becoming a new routine.

The workload provided to students should be minimized, like they(students) need to do their home work whether making presentations or even attending classes by online mode only, it's effecting their routine life, like having headache and eye irritation & redness due to over use of phone Or laptop screen is becoming common. Thanks and regards

Their should be more REFERENCE books and their copies, related to its different fields and updated journals too.
