End sem exam will going to be conducting in July which mean no time for intership and their is no information regarding intership. The end sem exam must be completed in June only. Which denotes the poor management system which was able to conduct the end sem exam and intership on time. On the basis of my observation the university is more focusing on just completing the syllabus and other things rather the industry based teaching or integrating teaching system.

And many responsible positions were given to those who don't deserve (which includes HODs and Dean). Few teachers are just busy in making fake image rather then doing their job.

Exam should consist both 'Subjective' and 'Objective' type of questions. \* As we only get subjective questions in current exam pattern.

Exams should be in the pattern of both objective and subjective type ques

Exams should consists of objectives and subjective.

excellent one.

Excellent university.

Give the scholarship on time

good experience

I am fully satisfied....

If classes are in online mode then exam should also conducted in online mode

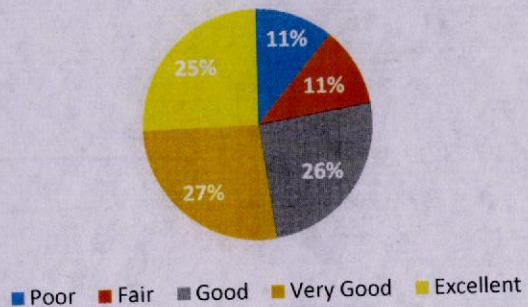

If the classes are online, then paper should also be conducted online, without any doubt.

If the semester is conducted in online mode then the exams also should be conducted in online mode

In these tough times University should understand the situation of students and stop taking offline Exam, Exams should be online until the pandemic is over. Students Life is more precious than some Exams

Instead of taking online classes 7 hours Daily, kindly reduce to 4 hours Daily and I think 4 hours enough to complete course. I would like to give few suggestions as below.
1. Please reduce online classes from 7 hours to 4 hours. This will help to reduce stress. 4 hours Daily classes enough to compete course. MCA classes can conduct online smoothly instead of offline.
2. One assignment is enough for single subject. Not 3 or 4 assignments
3. Please conduct Mid Term paper once in a semester.. Not twice.
4. Please conduct end term paper thru online as you have all resources to do the same.
5. I would also recommend that all back/Re paper should be conducted in online mode so that student can finish their course within 3 years.
6. Reappear paper fee should be in online mode as like semester fee.
I hope you consider all above points.

Satisfied current syllabus and curriculum
Student should be taught how to get a job in future. Bookish knowledge might not help. University should start a class where student get to know about practical work, so that when they graduate they have job in hand.
Very good
