"Thank you for your hard work in supporting student in overall development

All things are conduct well with in time.

All's good

Almost everything is good

Awesome

Class environment is not appropriate for learning with 100 of students in one class room

Some students are promoted in second year directly without any examination and direct admission in the year

Complete schedule must be given to the students for the year

No student comfort has be taken care by the university as they are taking online class regularly for 4 hour + 2 hours a day which can be harmful for their mental health

Clinical practice should be more evolved with the latest with advanced eltechniques with latest guidance and as well traditional ways

Every thing is excellent

Everything is fine .
