

FACULTY OF ENGINEERING AND TECHNOLOGY

FEEDBACK ANALYSIS 2020-21

Action Taken Report

After due discussion on students' structured feedback analysis, the finalized actionable points are summarized below:

S. No.	Actionable Point	Remarks
1.	The course content stimulated your interest in the subject area	Providing course content material in advance, group discussions, highlighting the translational value of the content, encouraging the students to synthesize new knowledge, or process or product out of the learning, etc. are will be encouraged to stimulate interest in the subject area.
2.	Test and examinations are conducted well within time	Measures will be implemented to conduct tests and examinations in time apart from the existing framework.
3.	MCQ pattern should be brought back	MCQs will be introduced to assessments as per norms and regulations after discussion with respective committees.
4.	Updating knowledge and skills among teachers	Regular reorientation programs will be implemented to teachers for improving the skills that can impart an effective teaching and grooming students in other domains.
5.	Internships/ Industrial visits	Based on the norms and regulation, curriculum, needs and demand along with a vision to impart effective learning University will encourage Internships/ Industrial visits
