

FACULTY OF SCIENCE

FEEDBACK ANALYSIS 2020-21

Action Taken Report

After due discussion on students' structured feedback analysis, the finalized actionable points are summarized below:

S. No.	Actionable Point	Remarks
1.	Practicals/ Labs are given equal importance	Practical/ labs are considered as a key component of the curriculum. Institutions along with the head of the departments with respective committees will be encouraged to monitor the same.
2.	The practicals/lab experiments enhanced understanding of concepts of theory	As per the schedule framed in every year for teaching by the institute abiding the norms and regulations of the governing bodies, practical/ lab experiments are conducted to enhance the understanding of concepts of theory. The same process will be monitored for its quality and implementation through respective committees.
3.	Course content enhances technical skills to face the industry	Curriculum is framed as per the inputs received by the stakeholders including the industry or professionals. University encourages participation of more industries in framing curriculum to enhance course content that will meet technical skills to face the industry.
4.	The course content stimulated your interest in the subject area	Institution encourages the faculties to use engaging tools and techniques, thoughtful collaboration, etc. to stimulate interest in subject area.
5.	Content of course is based on industry needs and demands	Appropriate measures will be taken to incorporate contents based on industry needs and demands.
6.	Adequate reference books are available in Library/ Online material	Regular meetings will be arranged apart from existing process to gather inputs regarding reference books, journals and online material and execute process of purchase promptly.
7.	Syllabus completion/ Contents	Respective committee will be monitoring the process of syllabus completion or contents.
8.	Teaching ability/ Overall environment/ Teaching methods/ Teacher responsiveness	For imparting an effective teaching learning process the overall growth of the faculty is a key component. The same will be made possible through encouraging the faculties to attend and get updated through various re orientation programs, etc.
9.	MCQ pattern should be brought back	As per the norms and regulation the examination committee will be encouraged to implement MCQ pattern rationally.
