Following were the suggestions on the SGT University Research policy:

1. The Policy must clearly mention to whom all it is applicable.
2. The research incentives offered by the university were appreciated by one and all.
Now it was decided to go further and specially reward those publications which are having high impact factor and citation index.
3. The rules for consultancy and IPR are to be under Consultancy policy, and IPR policy of the University
4. The research facilities available centrally must be made available to all researchers in the university including PhD scholars
5. The publication policy must be clear with defined strategies for handling the misconduct.
6. The faculty coordinators will discuss with the respective deans, to motivate their respective faculty members to submit Research project proposals in the near future in various Funding body portals like SERB etc.
7. The policy must be finally be approved by the PVC and the academic council.
