## **Brief Report of the programme:**

Teaching profession is one of the oldest professions, today it is in the mist of flux of changes. Change is imperative due to human socio economical developments that have taken place in the last decade. To be a teacher / education facilitator is not just about sharing information; it is about making sure that learners truly integrate this information and derive learning out of it. In the present context the learning should not make them just a graduate or post graduate but help them get employment and contribute to society. Any teaching that does not achieve this is irrelevant today. Therefore, to be an effective teacher, one needs to be able to deliver knowledge using the most suitable pedagogical / andragogical tools. All teachers must constantly update in order to keep up with advances in subject-matter and in theory & practice of teaching. Keeping this in mind the IQAC of SGT University organized the 3<sup>rd</sup> FDP on 23<sup>rd</sup> – 24<sup>th</sup> November 2017 for its in house faculty. An array of subjects was deliberated and the highlight was a session on effective teaching by resource person from John Hopkins Program for International Education in Gynecology & Obstetrics. The other esteemed Speakers were Prof. T D Dogra, Prof. M S Sidhu, Prof. Debasish Chattopadhyaya, Prof. Prachi Saffar Aneja, Prof. Amit Srivastava, and Mr. Anshumal Dixit.

The sessions were interactive and the participants enjoyed the programme. The faculty members were also motivated to conduct such programs in their respective faculties on a monthly basis and shall update the same to IQAC.
