QS I-Gauge Audit Report

QS I.GAUGE is a brand incorporated in India as an independent private-sector initiative specialized in rating colleges and universities. It brings together the global expertise, experience and reputation of UK based QS (Quacquarelli Symonds) along with the deep local knowledge of luminaries from Indian Higher education.

Based on the globally recognized QS Stars University rating system developed by QS, QS-I GAUGE has been adapted to capture the reality of the dynamic Indian higher education sector, while at the same time maintaining the strict quality standards that are synonymous with the QS brand. It is a comprehensive and independent rating system for Indian colleges and universities.

The communications with QS Team client relations were initiated in May 2018. And after deliberations regarding the methodology and the negotiations regarding the procedural cost, the contract with QS-ERA was signed. The contract is attached as Annexure 1.

After the signing of contract by Registrar Shri D.K Mishra on July 9th 2018, an analyst from QS I Gauge, Mr Kumaraswamy T.R was associated with IQAC, SGT as Point of Contact throughout the audit process.

The audit process was shared by the analyst on 10th July 2018. The process involved broadly 2 steps:-

1. Independent survey – elicits survey responses from students, faculty members and alumni.

The survey links corresponding to all the stakeholders and the respective thresholds for the type of survey were as follows:- .

Type of Survey	Survey Link	Sample size to be met
Student	http://studentsurvey.in/s/index.php/976994?token=Eh7WCRu5O7IPHO5	20% or more of the total student population on-campus
Faculty	http://studentsurvey.in/s/index.php/748886?token=PmmK0QSNiXUXDwo	50% or more of the total faculty size currently employed with the institution
Alumni	http://studentsurvey.in/s/index.php/392297?token=ntqazznKofNJ0Mn	10% or more of the total student population

2. Critical data input sheet – to be provided by the Institute.

The critical data input sheet was elaborative and was to be filled within six weeks from 10/7/2018 (i.e. till 21th August 2018).

To understand the data requirements for input sheet, multiple Skype sessions with the analyst and QS team were held on 24th, 25th, 26th July 2018 and 3rd August 2018.

The detailed methodology of the audit process was shared by team. It is attached as Annexure 2.

Out of the 5 secondary criterias, Our University chose Arts and culture along with the Research indicator which was mandatory for the Universities.

The whole methodology and data input sheet was well read and understood by the IQAC team.

Since, the format was detailed, the next big step was to get the data from all the 17 faculties in the required format.

For this, multiple meetings were held with the Deans of all the faculties, Registrar, HR dept, Accounts dept, Corporate Resource centre, Alumni association, Students section, Dean Research office and community medicine and dentistry departments to get the required data.

The contributing offices were explained the format in detail on 6th August 2018 and 7th August.

The individual criterias/ indicators in QS data input sheet were divided according to the offices that shall be contributing the respective data as follows:-

Criteria/Indicator	Contributing office
Faculty List	HR Dept
Student enrolment	Student section+ Faculty Deans
Employability	Corporate resource centre+ Faculty Deans
Recruiters	Corporate Resource Centre+ Faculty Deans
Career service	Corporate Resource Centre+ Faculty Deans
Students societies	Cultural committee + Faculty deans

Another important task was the satisfaction survey from students, teachers and alumni.

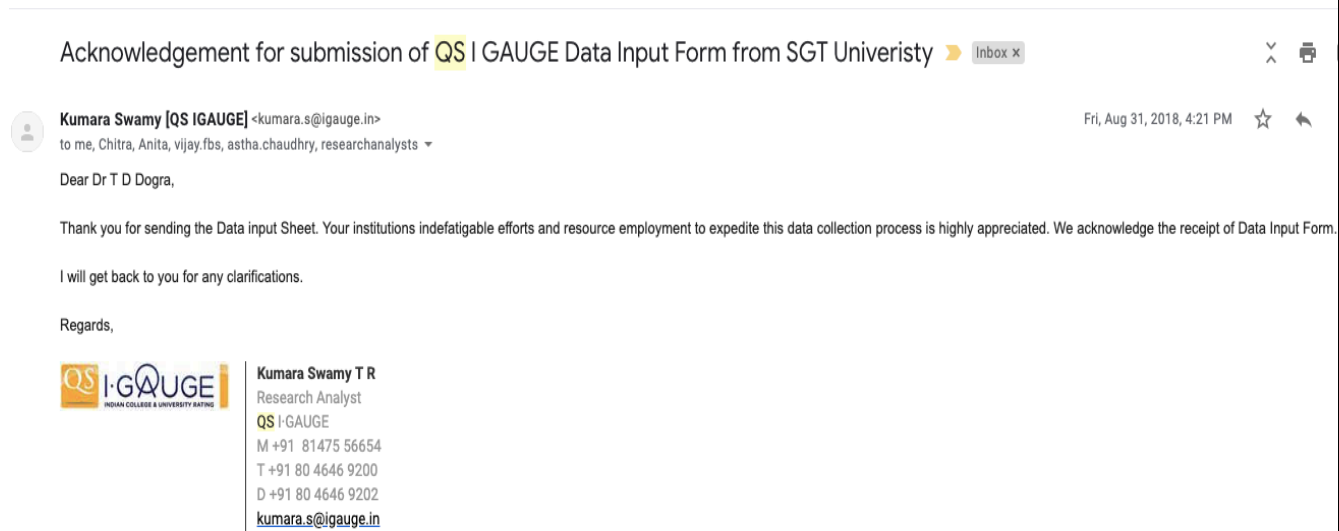

For the students and teachers survey, the links provided by QS team were circulated to the Deans for necessary action.

For the feedback of alumni, the alumni association was sensitized and the link was circulated to all the alumni through mail by the alumni coordinators.

The feedback given by the stakeholders was directly registered with the QS. The total number of feedback responses received from each were:

Name of the Survey	Number of Responses Received
Student Survey	1307
Faculty Survey	320
Alumni Survey	188

All the data was compiled as per the instructions given with the format and the data was verified at multiple levels. And after the approval of data by the University authorities it was finally submitted to QS team on 30th August 2019.(Annexure 3) The acknowledgement of receipt of data along with the appreciation of the meticulous and fully furnished data with all evidences and supporting documents was well appreciated by the QS Team as can be seen through the screenshot of mail received.

Following the data submission, the data analyst associated with us clarified any queries which arose. It was also discussed that instead of Arts and culture indicator in the secondary criterias, the data on Entrepreneurship should be submitted.

Following this, all the deans were sent the format for the data regarding entrepreneursh. The required data was compiled and was sent to our analyst on September 27, 2018.

During the data verification process, there were certain queries regarding the publication data in the scopus. For this, multiple possible affiliations of the SGT University were shared with the analyst to verify the publication data of the University as mentioned below:-

1. Shree Guru Gobind Singh Tricentenary University

About QS-ERA India Private Limited

QS-ERA India Private Limited is a revolutionary joint-venture between QS Quacquarelli Symonds Ltd. of the United Kingdom and India's ERA Foundation. Conceived as an independent private-sector initiative, QS-ERA brings together the global expertise, experience and reputation of QS, and the deep local knowledge and partnership network of the ERA Foundation. Based in Bangalore, QS-ERA produces the QS I-GAUGE university and college rating tools, which captures the essence of the dynamic Indian higher education system and conform to international standards and best practices.

QS maintains complete operational control and supervision on the processes. Each rating produced is strictly monitored for quality control by the QS Intelligence Unit in London. This is the same team that produces the authoritative QS World University Rankings (since 2004) and related regional and subject rankings, as well as the globally recognised QS Stars university ratings system. Close supervision by QS IU ensures the independence, quality and integrity of the ratings, leading to their global recognition.

About QS I-GAUGE

QS I-GAUGE is a brand incorporated in India as an independent private-sector initiative specialised in rating colleges and universities. It brings together the global expertise, experience and reputation of UK based QS (Quacquarelli Symonds), along with deep local knowledge of luminaries from Indian higher education.

Based on the globally recognised QS Stars University rating system developed by QS, QS I-GAUGE has been adapted to capture the reality of the dynamic Indian higher education sector, while at the same time maintaining the strict quality standards that are synonymous with the QS brand.

QS I-GAUGE is a comprehensive and independent rating system for Indian colleges and universities. Consisting of seven primary indicators and five secondary indicators, ranging from Teaching and Learning, Employability and Social Responsibility to Research and Innovation, the QS I-GAUGE rating provides a unique 360-degree perspective of Indian institutions of higher learning.

Benefits

- Recognition of your institution's excellence across many areas.
- Improves international recognition and allows your institution to reach out to more students.
- Increased web Presence
- Increased media awareness
- May be used as an auditing tool to help improve performance.
- Highlights institutions not traditionally well placed in the rankings.

QS quality control

QS maintains complete operational control and supervision on the processes. Each rating produced is strictly monitored for quality control by the QS Intelligence Unit in London. This is the same team that produces the authoritative QS World University Rankings (since 2004) and related regional and subject rankings, as well as the globally recognised QS Stars university ratings system. Close supervision by QS IU ensures the independence, quality and integrity of the ratings, leading to their global recognition.

Scope of Work

QS I-GAUGE is a new initiative that works as an auditing tool for your institution. QS will conduct an evaluation of Shree Guru Gobind Singh Tricentenary University, the data will be collected by QS and evaluated against 9 criteria used with the methodology among: **Primary criteria:** Teaching & Learning, Faculty Quality, Employability, Student Diversity, Facilities, Social Responsibility, Accreditation; and **Secondary:** (any two – research is mandatory for a university though) Faculty Diversity, Arts & Culture, Entrepreneurship, Research and Innovation.

The principal objective of this audit is to provide institutions with an opportunity to highlight their excellence, specialisation, strengths, and output to a wide audience.

Deliverables

QS will provide a report of the evaluation, namely The QS I-GAUGE Development Roadmap, indicating the institutions overall result and performance within the audit as well as highlighting key strength and key areas of improvement.

- Electronic delivery of the QS I-GAUGE Institutional Scorecard (Adobe Acrobat PDF)
- Electronic delivery of the QS I-GAUGE overall and category badges (gif, jpg, eps)

Timeline

Upon receipt of this contract, QS will initiate the data collection process; Shree Guru Gobind Singh Tricentenary University will be given a 6-week period to provide QS with the data. The QS I-GAUGE Development Roadmap and the QS I-GAUGE badges will be delivered 8 weeks upon receipt of final data or no later than 14 weeks after data collection is initiated. The 2nd and subsequent badges will be delivered on the anniversary of the 1st badge delivery.

QS I-GAUGE International Advisory Board

The rigor and integrity of our ratings are guided by an International Advisory Board, which comprises of luminaries in the higher education field – from both India and overseas. The advisory board comprises of individuals with impeccable credentials that will envision and lead the setting of global best standards in evaluation. This advisory board meets periodically and form the road map for the progress of QS I-GAUGE. They also review the progress of the ratings, and comment on any enhancements and improvements which should be incorporated to make this system truly India-centric.

"Working Day"	means any weekday, excluding Indian public holidays, between the hours of 1000 and 1800.

2 General Terms

- 2.1 In undertaking the QS I-GAUGE Audit and making available Audit Reports, QS-ERA provides validation to prospective students and stakeholders as to whether or not the Institution has provided evidence of having appropriate facilities and resources in place in respect of the relevant auditable indicators. QS-ERA makes no warranties that the Institution has passed or been awarded a status in a QS I-GAUGE

Audit nor that it will always provide the facilities or resources which were in evidence at the time of the QS I-GAUGE Audit.

- 2.2 QS-ERA will make the Audit Report available to the Institution in Adobe PDF format either by email or by loading the Audit Report in a private area online. QS-ERA will endeavour, to make the Institution's Audit Report available within eight weeks of the Audit Date (as defined below).
- 2.3 Subject to clause 6.3 QS-ERA will publish the result of the QS I-GAUGE audit through its websites, guides and other means deemed appropriate to reach prospective students and stakeholders.
- 2.4 The Institution agrees:
- 2.4.1 to answer questions put to it and to provide any relevant supporting materials or documents requested by QS as accurately and completely as possible such that the completed Audit Report reflects the status of the facilities and resources put in place by the Institution at the time of completion of the QS I-GAUGE Audit;
- 2.4.2 to submit the required data within the timeframe and manner indicated by QS I-GAUGE Analyst. If the Institution fails to do so then QS-ERA will have the right (but without prejudice to any other rights it may have) to suspend performance or delivery of the QS I-GAUGE Audit;
- 2.4.3 not to offer or give to any person employed by or on behalf of QS-ERA any gift or consideration of any kind as an inducement or reward for any act in relation to the performance of the QS I-GAUGE Audit. Any breach of this condition by the Institution (or by anyone employed by or acting on their behalf) in relation to the QS I-GAUGE Audit will entitle QS-ERA to terminate this agreement with immediate effect. Under such circumstances QS-ERA will not refund any fees received from the Institution.
- 2.4.4 To ensure accuracy and verifiability of all data submitted to QS I-GAUGE with necessary evidence to corroborate the data.

3 Warranties

- 3.1 QS warrants that it will perform its obligations under this Agreement diligently and prudently in accordance with accepted good standards but accepts no liability for the accuracy or completeness of any information provided to it and used and/or supplied to the Institution in good faith.
- 3.2 The above constitutes the only warranty provided by QS in respect of the Services. It accordingly waives, in so far as it is permitted to do so by law, all implied guarantees and warranties including without limitation any warranty of satisfactory quality or fitness for a particular purpose, whether or not any specific purpose has been notified to QS by the Institution.
- 3.3 The Institution warrants that it is permitted to provide the Information disclosed to QS and that this Information is accurate and complete.

4 Fees, Audit Dates

- 4.1 QS-ERA will charge the Institution a fee for the QS I-GAUGE Audit which is to be carried out, based on the prevailing rates as determined by QS-ERA.
- 4.2 Following receipt of full payment of the Institution's relevant fees, a QS I-GAUGE Analyst will contact a designated member from the Institution to agree a suitable date on which to complete the QS I-GAUGE Audit (the "Audit Date"). For a university undergoing their first QS I-GAUGE Audit, the Audit Date must fall within 180 days of an institution's first registration on the QS I-GAUGE scheme. For institutions

renewing a previous QS I-GAUGE Audit, the Audit Date must fall on or before the Expiry Date of their previous QS I-GAUGE Audit.

- 4.3 The Audit Date must be agreed with the QS I-GAUGE Analyst within 90 days of the fees being received by QS-ERA. If the Institution is unable to agree a suitable Audit Date within the relevant periods stated in this clause, the QS I-GAUGE Audit will be deemed to be cancelled and QS-ERA will reimburse to the Institution 50% of the fees received. In such a scenario the Institution will be required to submit a new application for a QS I-GAUGE Audit.
- 4.4 Where an institution is part of a group of institutions all receiving concurrent audits, these guidelines will apply to the receipt of full payment from all institutions in the group. QS-ERA may, but is under no obligation to, initiate QS I-GAUGE Audits on selected institutions from the group, prior to receipt of payment from the whole group.

5 Cancellation, Administration Fees

- 5.1 No refund in respect of any cancelled QS I-GAUGE Audits will be made if cancellation is made by the Institution five or fewer weeks before an agreed Audit Date. If a cancellation request is received by QS-ERA between six or more weeks in advance of the agreed Audit Date, QS-ERA will refund the Institution 's fees reducing the registration amount.
- 5.2 Any breach of conditions under section 2.4 of this agreement will lead to cancellation of this agreement.
- 5.2.1 The cancellation will be processed as per clause 5.1, and refund will be given only if necessary conditions are met by the institution.
- 5.2.2 The assessment of whether the conditions under clause 2.4 have been met satisfactorily will be made by QS as a party with sole discretion to decide on the matter.
- 5.3 The institution is bound by the decision of QS under clause 5.1 and/or 5.2, and is not entitled to challenge the decisions thereby.

6 Results of a QS I-GAUGE Audit

- 6.1 Upon completion of the QS I-GAUGE Audit, the QS I-GAUGE Analyst may be able to give the Institution a recommendation as to whether the Institution has achieved a certain level of status/s in the QS I-GAUGE Audit. Any recommended result given by the QS I-GAUGE Analyst will be subject to the final decision of QS-ERA; final confirmation of the result will be provided by QS-ERA within 8 weeks of the Audit Date, along with a copy of the Audit Report. If the Institution has achieved a status, the results of the Institution's record on the public portal will be updated to reflect the same.
- 6.2 The results of the QS I-GAUGE Audit will remain valid up to the Expiry Date. QS-ERA will send the Institution reminder three months prior to the Expiry Date. If the Institution does not agree a subsequent renewal of the QS I-GAUGE Audit or agree a suitable future Audit Date the status of the Institution's QS I-GAUGE Audit record on the public portal may be set to "Audit Expired".
- 6.3 The Institution has the right not to publish the result of the QS I-GAUGE Audit. In this event, QS-ERA will keep the Institution's result confidential. If the Institution chooses to publish its result publicly, only complete results will be published including the results in each category area. For the avoidance of doubt the Institution's decision not to publish the results of the QS I-GAUGE Audit shall prevent QS from releasing data or results derived from data submitted through the QS I-GAUGE Audit. Information gathered from the public domain, or supplied for alternative purposes shall not be affected.
- 6.4 If at any time during the term of this Agreement or prior to the Expiry Date there is a material adverse change in the circumstances of the Institution such that QS reasonably believes a lower status ought to

be awarded to the Institution then it shall notify the Institution in writing thereof, allowing the Institution 30 days to reflect the appropriate QS I-GAUGE Badge and any references to it. If the Institution believes that this notice is incorrect then it shall, within that 30-day period, provide full details and particulars of why it believes QS to be wrong. On receipt thereof, the notice period shall be suspended for so long as QS takes to evaluate the same. QS shall communicate its findings to the Institution without delay. Alternatively, if the Institution wishes to conduct a new and full QS I-GAUGE Audit then it may request QS to do so at QS's then standard fees and charges; pending the outcome of which the notice period referred to above shall be deemed to be suspended.

7 Graphics, Badges, Branded Collateral and License Fees

- 7.1 QS-ERA will provide a selection of graphics and tools for use by the Institution to reflect the result of their QS I-GAUGE Audit. This will include, but not be limited to, badges and graphics of sufficient quality for print deployment and tools to present the result on the web. These materials remain the property of QS as defined under clause 8 below.
- 7.2 The Institution will be entitled to use the collateral as described until the Expiry Date subject to payment of an annual license fee, based on the prevailing rates as advertised by QS-ERA.
- 7.3 The QS I-GAUGE graphics, badges, branded collaterals, and license can be used by the institution as deemed appropriate per this agreement. Any breach of this condition will lead to cancellation of this agreement as per clause 5.2, and impose an additional fine on the institution.

8 Ownership Rights

- 8.1 The copyright and all Intellectual Property Rights whatsoever of all computer programs, user manuals, QS-ERA or QS sponsored web sites, questionnaires and other documentation relating to the QS I-GAUGE Audits, the QS I-GAUGE Methodology, the QS I-GAUGE Badge (and related signs and logos), the Data Entry System or the public portal will remain vested in and be the property of QS-ERA.
- 8.2 The intellectual property in the information and other material provided by the Institution during a QS I-GAUGE Audit shall, always, remain vested in the Institution but the Institution hereby grants QS-ERA a worldwide royalty free license to use the same for purposes of its business.

9 Limitation of Liability

- 9.1 Notwithstanding anything else contained in this Agreement QS-ERA shall not be liable to the Institution for any indirect, economic or consequential loss or damage, costs or expense of any kind; whether arising from tort (including negligence), breach of contract or howsoever, including without limitation loss of profits or of contracts, loss of operation time and loss of goodwill or anticipated savings of its own or its employees and agents.
- 9.2 Nothing in this Agreement shall exclude or limit either Party's liability for death, personal injury or fraudulent misrepresentation.
- 9.3 In any other case not falling within Clause 9.1 above QS-ERA's total liability under or relating to this Agreement shall not exceed the greater of 150% of the total fees paid to QS-ERA under this Agreement.

- 9.4 The Institution acknowledges that it is entitled to negotiate the amount of any limit on its liability under the Agreement and has elected (unless other limits are agreed by the parties) to accept the limitations in this Clause 0.

10 Confidentiality

- 10.1 QS-ERA and the Institution agree to keep in confidence for a minimum period of five years from the termination of these terms and conditions any information obtained under these terms and conditions, including without limitation the QS I-GAUGE Audit questionnaires or any other documentation issued by QS-ERA, and will not divulge the same to any third party, other than its own officers, employees or agents, without the prior written consent of the other Party.
- 10.2 QS-ERA shall use all reasonable endeavours to protect and safeguard the information provided by the Institution from loss, theft, destruction, third party intervention, "hacking" and the like from accidental disclosure and shall ensure all employees do likewise.
- 10.3 These confidentiality provisions shall not apply to:
- 10.3.1 any information in the public domain other than in breach of these terms and conditions;
 - 10.3.2 information that is either trivial or obvious or already in the possession of the receiving Party before its receipt from the disclosing Party;
 - 10.3.3 information received from a third party who is free to disclose the same;
 - 10.3.4 disclosure of information which is required by law or a regulatory body or by a law enforcement agency;
 - 10.3.5 information developed by one Party independent of the other;
 - 10.3.6 information disclosed to professional advisers, auditors, bankers or financiers provided a confidentiality undertaking is in force with at least the same terms as this clause, or
 - 10.3.7 information obtained by parent company QS as part of its general activities in compiling its various ranking indicators and guides.
 - 10.3.8 QS-ERA agrees to ensure that each QS I-GAUGE Analyst undertakes similar terms of confidentiality before being allowed to conduct any QS I-GAUGE Audits.

11 Force Majeure

- 11.1 Neither Party shall be liable to the other Party for loss, injury, delay, expenses, damages or anything similar or related thereto which is suffered by the other Party due to a failure or delay by the first Party in performing its obligations under this Agreement as a result of general strikes, riots, unrest, political disturbances, demonstrations, fires and other natural events, cessation or interruption of essential services or any acts of God or Government, or anything beyond the reasonable control of either Party PROVIDED THAT the first Party shall have given prompt notice to the other Party in writing of the occurrence of any such event or cause and of its discontinuance.

- 11.2 If the that event or cause has prevented or is likely to prevent a Party from performing its obligation for a period of more than 90 days then the other Party may terminate this Agreement subject to the payment, in the case of QS-ERA, of the Services rendered and any expenses incurred up to the date of termination.

12 Notices

- 12.1 Any notice required by this Agreement to be given by either Party to the other shall be in writing and shall be deemed to have been served:
- 12.1.1 in the case of sending by registered post (or local equivalent thereof) within the country where the recipient is located three days after posting to the last known address of the other Party and any receipt issued by the postal authorities shall be conclusive evidence of the fact and date of posting of any such notice,
 - 12.1.2 if sent by email to the recipient upon receipt provided that the receiver has acknowledged read receipt or,
 - 12.1.3 if in person or by courier then at the time of receipt the last known address of the receiving Party.
- 12.2 Any notices sent or delivered outside of the receiving Party's Working Hours shall be deemed to have been received at the commencement of the next working day. Service of any notices shall not be accepted by e-mail unless the receiving party has specifically agreed to this in writing.

13 General

- 13.1 This Agreement sets out the entire agreement of the Parties and supersedes all prior agreements and understandings relating to its subject matter.
- 13.2 No change to this Agreement shall be effective unless it is in writing and signed by persons authorized on behalf of both Parties.
- 13.3 No waiver of any breach of this Agreement shall constitute a waiver of any other breach of the same or other provisions of this Agreement and no waiver shall be effective unless in writing.
- 13.4 Any third party who is not a Party to this Agreement shall have no rights under the Contracts
- 13.5 If any part of this Agreement is found by a court of competent jurisdiction or other competent authority to be invalid, unlawful or unenforceable then such part shall be severed from the remainder of the Agreement which shall continue to be valid and enforceable to the fullest extent permitted by law. However, nothing in this Agreement shall purport to exclude liability for any fraudulent statement or act or any fraudulent misrepresentation.
- 13.6 During the final stage of the QS I-GAUGE audit, the institution will be presented a w of the data validated, namely interim report. The institution will have a choice to approve it or to submit additional data to be taken in consideration. Once the interim report has been approved and the QS I-GAUGE Development Roadmap issued, the institution will not be able to submit further data.

- 13.7 Should the institution notice any error when submitting its own information after the report has been issued, QS can accept to consider this additional data and incorporate it in an updated version of the QS I-GAUGE Development Roadmap if the revised data is submitted within 60 days after the QS I-GAUGE Development Roadmap has been issued at a fee of INR 50,000, to compensate for the additional work. After this 60-day period, QS will no longer be able to update the Development Roadmap and the institution should seek to be fully re-audit in the next cycle.

14 **Law and Jurisdiction**

- 14.1 These terms and conditions shall be governed by the laws of India, and the parties shall be subject to the exclusive jurisdiction of the courts in Bengaluru.

Annexure 2

(Methodology)

Introduction

- **QS I-GAUGE** is a custom-designed rating system for Indian universities and colleges. It is based on the globally recognised **QS Stars** university ratings. It will meet the requirement of a rating system specific to India.
- **QS I-GAUGE** has been developed to portray the true picture of the quality of higher education sector in India. It provides Indian institutions an opportunity to effectively benchmark their performance and develop strategies for upgrading their educational services as well as the institutional performance.
- Both **QS Stars** and **QS I-GAUGE** complement the QS World University Rankings, QS BRICS University Rankings, and other QS products.
- **QS I-GAUGE** has been developed in India by a team of qualified and skilled members. The methodology and execution of QS I-GAUGE meets the international quality standards of QS. The process is under the purview of the QS Intelligence Unit, London.
- In addition to information submitted by the institutions and Scopus®, **QS I-GAUGE** rating is derived from primary data through sample surveys of faculty members, students and alumni.

Ratings Structure

Total points: 1400

Categories	Sub-categories	Notes	Points
Primary criteria (1200 points)	Teaching and Learning (TL)	Classified by institution type as: 1. STEM (Science, Technology, Engineering, and Mathematics) 2. Non-STEM 3. Mixed	250
	Faculty Quality (FQ)		150
	Employability (EP)		200
	Student Diversity (SD)		200
	Facilities (FC)		150
	Social Responsibility (SR)		150
	Accreditation (AR)		100
Secondary criteria (200 points)	Arts and Culture (AC)	College: Select any two University: Research (RE) + Select any one	100
	Faculty Diversity (FD)		100
	Entrepreneurship (ET)		100
	Research (RE)		100
	Innovation (IV)		100

- **QS I-GAUGE** consists of **seven primary criteria and five secondary criteria**, out of which institutions must select two. Every institution is therefore evaluated based on **nine criteria**. Research (RE) carries 100 points out of 1400 and is a **mandatory criterion for universities and optional for colleges**.
- **QS I-GAUGE** rating indicators are tailored to fit the **level and type of institution**. The institutions are first categorised into **two levels**: universities and colleges (including affiliated, constituent or autonomous colleges). They are further categorised into **three types**, based on institution's focus on Science, Technology, Engineering or Mathematics and related courses.
- An institution is defined as STEM in **QS I-GAUGE** based on two criteria in order. Firstly, the institution should self-identify their level and type based on their regulatory authority. Next, it is categorised based on current student enrolment. If more than 65% students study Science, Technology, Engineering and/or Mathematics or related courses, then it is a **STEM** institution. If the enrolment count lies between 50% and 65%, then it is categorised as **Mixed**. All other institutions are categorised as **Non-STEM**.

- There are three internet-based surveys used in this rating. The institution must provide a complete list of students, faculty, and alumni population to QS I-GAUGE analysts for running the survey. The institution must promote the survey amongst its stakeholders to ensure minimum response rate is met as mentioned below.
 - Student survey $\geq 20\%$ of total student population (all years and courses)
 - Total student population = Number of full-time equivalent (FTE) students
i.e. Number of full-time students + 0.33 x Number of part-time students
 - Faculty survey $\geq 50\%$ of the faculty population (all departments)
 - Total faculty population = Number of full-time equivalent (FTE) faculty
i.e. Number of full-time faculty + 0.33 x Number of part-time faculty
 - Alumni survey $\geq 10\%$ with respect to the current student population.
- The **QS I-GAUGE** scores are linearly related to the indicator value.
 - For example, Overall Student Satisfaction carrier maximum 40 points, 75% scaled down to 50%. Hence,
 - Score= 0, if student satisfaction $\leq 50\%$
 - Score= 40, if student satisfaction $\geq 75\%$
 - $0 < \text{Score} < 40$, if $50\% < \text{student satisfaction} < 75\%$, linear relationship.
- All the data submitted to **QS I-GAUGE** must relate to the last academic year, unless otherwise specified.
- The surveyors appointed by **QS I-GAUGE** reserve the **right to request additional information** from the institutions to verify any detail submitted for the ratings.

Rating Outcomes - Overall

Label	Points
Provisional	145 points
Bronze	345 points
Silver	550 points
Gold	785 points
Diamond	1025 points
Diamond+	1260 points [#]

[#]Must have Diamond in all categories

- The **QS I-GAUGE** ratings award six labels in ascending order of performance from Provisional to Diamond+. The Diamond+ label requires a Diamond label in each category.
- The basic rating outcome is published by **QS I-GAUGE**. Institutions may use these ratings to highlight their strengths to students and other stakeholders. All participant institutions receive an exclusive **report** mentioning the outcome of assessment and their respective publishable ratings. The **QS I-GAUGE** may supplement this report with a customised roadmap, which can guide the institutions to address their weak performance areas.
- The ratings remain valid for a maximum of three years from the date of release.

Our University is an upcoming University established in 2013 and many of the courses are not 5 years old. Therefore, the criteria of 5 years of faculty retention is not applicable to this University. Moreover, the Junior and Senior residents tenure is only of 3 years. Hence cannot be employed for 5 years. Therefore, the QSMay relook this criteria.

INTRODUCTION

The QS I-GAUGE Institutional Scorecard is an extensive representation of the results following the QS I-GAUGE audit of the respective institution. The audit has been tailored keeping in mind the scenario of Indian higher education system. The objective is to evaluate the performance of the institutions over a wide range of criteria pertaining to the system and structure of higher education in India, and deduce both the areas of excellence and with a scope of improvement. Based on their independent performance in the audits, the institutions are awarded a badge, which reflects their accomplishment in the QS I-GAUGE rating platform.

The QS I-GAUGE rating system scales the institution's individual performance in different aspects that has been categorized as primary and secondary. Primary criteria include the parameters that are expected to be significant to the functioning of every institution offering higher education in India, while secondary criteria include a range of parameters optional to every institution participating in the audit.

Therefore, ratings are not dependent on the performance of other institutions and relate to an individual institution's performance. On the other hand, a ranking system is an overall comparative analysis of all the higher education bodies, within the country, in all perspectives.

SECONDARY CRITERIA

For a university to aspire to being truly world-class, its mission and its impact must extend further than the basics. This selection of criteria looks at important factors that a university with a solid foundation in the core criteria might target to advance to a higher level of performance and recognition.

We are aware of the fact that there are variations amongst the institutions across the country in many aspects and the parameters used in this section are instrumental in bringing out that difference at a micro level. A study like this is the key to the distinction of QS I-GAUGE from other co-existing rating systems. Here an institution gets to tailor its evaluation based on its specialties or fortes. Unlike many rating systems that apply the same criteria to all institutions, here the measurement index have been customized to meet the requirement and specifications of institutions operating in a diverse range of education. This way, art schools will not be measured for technology transfer and engineering colleges will not be measured on their contribution to the arts. Specialist institutions will be evaluated on the two advanced categories areas most relevant to them. Comprehensive universities will be evaluated on their two areas of greatest strength and the country's most ambitious institutions may choose to be evaluated in all categories, but only the top two areas will be taken into towards their overall QS I-GAUGE rating. The advanced categories include:

ARTS & CULTURE

FACULTY DIVERSITY

ENTREPRENEURSHIP

RESEARCH

INNOVATION

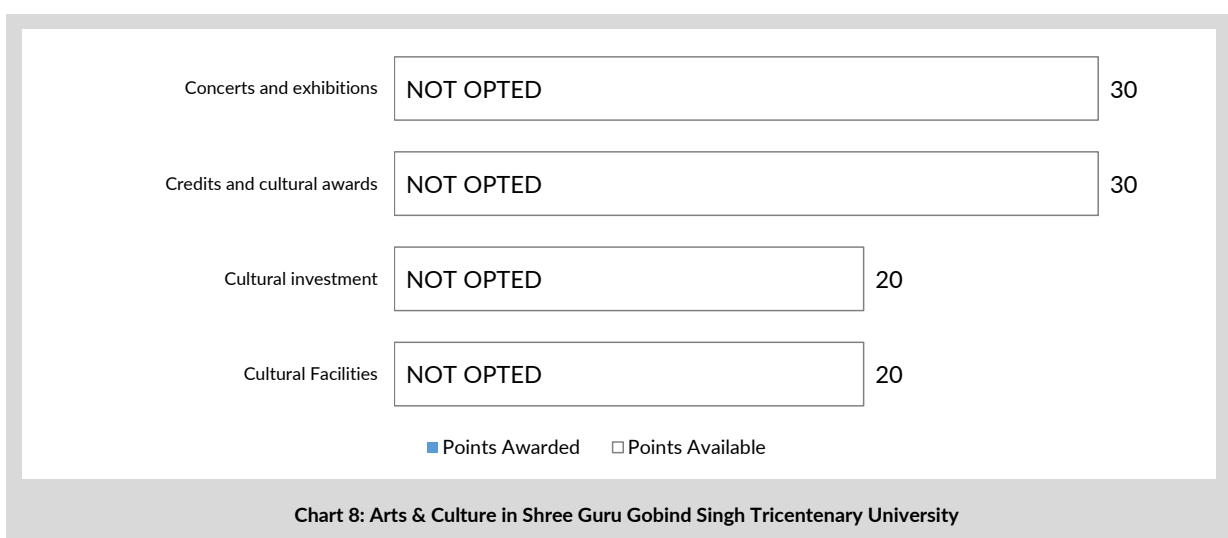

The highlighted/shaded categories are those included in the QS I-GAUGE evaluation for Shree Guru Gobind Singh Tricentenary University. A full explanation of what is included in the selected categories is included in the following pages, for details of what is featured in the other categories please visit the QS I-GAUGE website (www.igauge.in) or contact your QS I-GAUGE analyst.

SECONDARY CRITERIA

ARTS & CULTURE

The set of indicators described below helps focus the institutions on their role as players and platforms for artistic and cultural advancements. The Shree Guru Gobind Singh Tricentenary University has opted specifically for the following group of indicators, which are measured against fixed domestic thresholds

- AC1** Concerts and exhibitions
 Art or cultural performance by faculty or students in external public events
- AC2** Credits and cultural awards
 Accolades received for art or cultural performances by students, faculty, or institution
- AC3** Cultural investment
 Contributions made by institution in support of external art projects
- AC4** Cultural Facilities
 Availability of infrastructure for cultural activities on campus

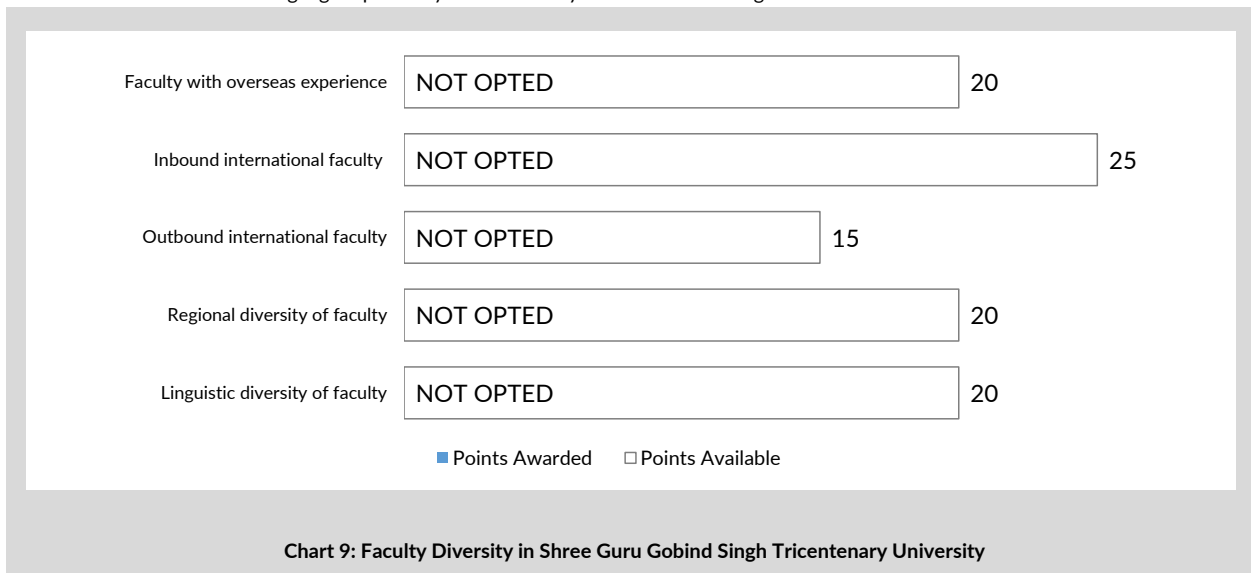

SECONDARY CRITERIA

FACULTY DIVERSITY

Along with qualifications and research, diverse and rich experience of faculty enhances the academic development in the institution. Recognising this, the Shree Guru Gobind Singh Tricentenary University has opted to be assessed specifically for faculty diversity, which is measured based on their regional identity and participation in scholarly activities abroad.

- FD1** Faculty with overseas experience
Faculty who have studied or worked abroad for longer than one year
- FD2** Inbound international faculty

CONCLUSION

Shree Guru Gobind Singh Tricentenary University (SGT University) have attained an overall rating of Gold scoring 938 points. The institution exhibited excellent performance in teaching & learning, employability, facilities, and social responsibility, with a Diamond rating in each criterion respectively. The performance in terms of faculty quality and entrepreneurship is good. However, the institution has scope of improvement in student diversity and research criteria.

Given below is a brief outlining of category-wise performance of SGT University.

Primary Criteria

Teaching and Learning: SGT University exhibits a good faculty-student ratio. There are a good number of students who enrolled for further studies. The student responses through surveys in terms of the overall satisfaction level and the quality of teaching at the institution is also remarkable. The completion rate is satisfactory. The institution also maintains a good number of contact hours and self-study hours per week. The institution also aids modern methods of learning for students by enabling easy access to online management and e-learning resources. Interactive methods of teaching are also encouraged at the institution.

Faculty Quality: There is more scope of improvement which can be made in terms of faculty quality. The faculty response with respect to overall satisfaction with the institution is moderate. Retention rate is reasonably low. More of faculty development programs must be encouraged.

Employability: The institution supports good career counselling services but has exhibited moderate performance in terms of campus employer presence and employment rate. The institution should encourage more of student societies across all the campuses to enhance extracurricular activities. The student and alumni have responded well to the career services provided by the institution.

Student Diversity: SGT University has exhibited the presence of a good proportion of student population from different states across the country. However, areas like international diversity, inbound and outbound exchange students need major attention. The institution provides significant support through scholarships, which is supported by positive student responses to the student fees cover. The performance in terms of sex ratio is also low which led to a moderate score in the accessibility area.

Facilities: SGT University has performed exceptionally good in terms of infrastructure and students' satisfaction with the facilities.

Social Responsibility: The institution encourages social involvement and policies in terms of environmental impact. However, performance in community outreach programs is moderate.

Accreditation: SGT University does not hold a NAAC accreditation.

Secondary Criteria

In terms of secondary criteria, SGT University chose entrepreneurship and research as the indicators of their performance. They are doing good in entrepreneurship but have large scope of improvement in research.

Entrepreneurship: The students, faculties and alumni have responded well in terms of entrepreneurship activities carried out by the institution. However, the institution must encourage more training programs.

Research: The institution has performed moderately in terms of number of proposals submitted for funding and that which are approved. Also, the funding received for the accepted proposals is considerably low.

Note: All the analysis is based on the data collected by QS I-GAUGE from SGT University and evaluated based on a tested and verified methodology.
