Suggestions Received from the Students

Suggestion
As practicing clinical psychology , practical aspects of learning must mainly focused , and a
Education system is all good
Everything is good but a little preparatory time for exams might be helpful
Everything is good but during few past weeks it was very much stressing for the students as the final exam dates were given all of a sudden and on the same time projects and assignments were given to us knowing the exams will start from the end of February. But no worries...: we are capable of handling this much stress:)
Everything is good there is nice environment but the needs to change a little .
Examinations is being conducted without the completion of the syllabus,only material is being provided without the topics being taught or even introduced.

Focuses on experiment

Good

Good

I had a great time learning with appropriate support and guidance of faculty members. The syllabus and the content is also well managed and to the point to foster the learning of the students. Faculty members are also very supportive and solves query as soon as possible. Overall students have been provided full guidance and support.

I like my faculty because they are very helpful

It would very much helpful to both students and faculties if some sort of transportation system is provided within University Block since covering distance between block is very much time consuming & it also take time to reach in class.
To open all gates for Cab service and other service with proper security identification in morning and evening time to have smooth conduction of traveling without any hassle

It's a glory studying psychology from Sgt University, as everything from faculty to environment encourage learning and performing activities in relation to PSYCHOLOGY and overall development. Hope that the same continues, and on the flows side which are merely negligible also can be Changed into new opportunities.

N/A

Need more reference books in library (clinical psychology)

Need proper time management and availability of teaching staff who have time for teaching students instead of being busy in meeting.

Need to improve more practical uses of the content being taught. Practical should be administrated well before giving to students to do on their own. Instead of just sticking to the books to teach the concept..more innovative ways should be used to engage students during class because when a teacher becomes too technical and just stick to the bookish language the whole class becomes boring and in this situation only two things happens either the student sleep in the class, use phn or bunk the class.one more thing that need to be added is instead of teaching the whole biography of the psychologists before teaching a theory that they gave, just tell the students about him a lil like his birth date , year in which he gave that theory and what triggered that idea rather then teaching about his whole life history because that just add a lots of load, especially learning those years and last but not least please never change a teacher in between a course because it takes time to adjust with the new teacher.....changing teachers again and again just makes us tired. That's all thank u for your patience to giving your time and thank u to the teacher who were all here whenever we needed

Nice
No
No comments
No MCQ are given. Too many exams are taken which puts a lot of pressure on students
Not any such
Our faculty and staff is responsible /respectable
Our syllabus wasn't completed on time. Optimum Preparatory time wasn't spared for us to prepare for the final exams. We got just 1 day to prepare for the internal practical.
Over all, this university provides greater platform to your interests with skills development programs, internships and new learning techniques. SGT does provides the best out of its ability to fulfill our needs and nourishment of our lifeful skills as well as human individual personality carving. Thank you SGT.
Overall experiance in the campus is very encouraging and teachers are very helpful but the books in Library are not enough for all the students and cause trouble in studying. Hope this only problem would be solved by the prestigious university
Overall it's good but there are not adequate number of books in the library.
Please Add a short question on unity of class on it. Thankyou
Proper completion of syllabus well before exam should be their . We should be provided with appropriate preparatory leaves for the exam. Library should extend its collection for psychology books.
Sgt University environment is good ढँŠ
Student feedback can be one of the most effective steps towards improving teaching and ultimately curriculum
Syllabus should be complet on time . Proper books available in library.exam and exam date sheet should be planned before inform student at least 15 days before exam .
there are no class interaction, no group activity is forced so every one is comfortable with their own and they do not know how to work with group with unknown people within the class

There are very less helpful books in library
Books are not in good condition
Number of books is not adequate
Only few people are able to get the book

There should be more gap between the end semester examinations so that we can have time to study properly .

They should inform us atleast 2-3 weeks before the exams.

This university has given me the opportunities to grow and explore in every area .

Try to complete syllabus on time

try to create more ethical environment

Very great overall.

Very nice learning and knowledge of the Field

Want E rickshaw for the student form C -block to E - Block. In summer it's quite exhausting to go from one block to another block.

we should get exposure of corporate world

Well qualified teachers required with proper time management. They should maintain their professional attitude towards students.

Worst education system

Professors are rude to students

No notes provided for the exam

Telling exam date 1day before the exam

No good infrastructure

I want they should provide notes to the children if we are giving enough fees to the college we should be provided with notes and all so that it should be easy too study

Teachers provide notes at the day of exam or one night before the exam

After due discussion on students' structured feedback analysis, the finalized actionable points, as pointed out by the Student Feedback Analysis Committee, are summarized below:

S. No.	Actionable Point	Remarks
1.	Practicals/ Labs are given equal importance	Faculties will be encouraged to use the space time and resources for conducting practical study effectively. Respective committees will be instructed to do follow up for monitoring the number of practical taken including the techniques of teaching and learning process to evaluate the process.
2.	The practicals/lab experiments enhanced understanding of concepts of theory	Practical/ labs will be conducted by the teaching faculty with the support of technicians to the students after every theory class relevant to the practical content. The same will be monitored by the concerned committee to ensure quality of teaching and learning.
3.	Adequate reference books are available in Library/ Online material	As per the need and demand arising from the stakeholders the library will be enriched will update reading and online materials through proper channel apart from the existing framework.
4.	Syllabus completion/ Contents	Faculties will be encouraged to stick on to the stipulated course contents and make sure the topic of discussion is not deviated from the regular course content. Faculties will be asked to maintain a record of syllabus topic completion and get verified from the concerned committee.
5.	Teaching ability/ Overall environment/ Teaching methods/ Teacher responsiveness	Faculties will be encouraged to participate in FDP/ CME/ Training programs/ Team building exercise/ Administrative skills/ Soft skills to create and effective teaching and learning environment.
6.	MCQ pattern should be brought back	Appropriate measures will be taken to introduce MCQ as per norms and regulation by the respective faculty. Concerned committee will be directed to do the needful.
7.	Examination	Adequate reforms will be taken for the shortcomings observed.
8.	Transportation	Improvement in transportation services within the University campus will be done.

Suggestions Received from the Students

Suggestion
..More sports activity more outdoor activity
All good
Although overall result is quite good in the university as per the things required.
Courses related books,study materials not available.And practical exposure different from hospital like Medical Tourism,TPA,Ad agency's, Distribution channel and short courses to enhance skills,knowledge those fill the gap are not provided .Please take attention to this comment and as usual action related for that.
ERP is very slow and not updated timely.
Evaluation is yet to be judged as semester exams are not yet conducted !

Everything is fine... But little improvement will make it perfect.

1: give a schedule that this Unit/ chapter should be completed at this part of week, month, year etc

2: syllabus should not be covered in way that you have to study it but in the way that "" These type of question will be asked in your career and this is helpful to you, means career oriented , that a future Manager should know these things""

3 : Give date sheets of exam at time means """" 2 week before exam"""". I study regularly but some time you dont study and you suddenly say day after tomorrow is your exam . I am capable of scoring full marks... Help me to do that.

4 : Trip is very much needed... Kindly help us ðŸ˜¸,ðŸ˜¸,ðŸ˜¸,ðŸ˜¸,

I love sgt ðŸ˜¸,ðŸ˜¸,ðŸ˜¸,ðŸ˜¸,ðŸ˜¸,

Everything is fine

Everything is good

Everything is ok but University should more focus on give practical knowledge to students toward their profession.

Examination department is unresponsive of the student & faculties queries & concern.

Exams must be conducted in the month of March for a better learning and also for a good and slow completion of syllabus

Fantastic â ĩ,

FCAM needs to work on some faculties who have a small ego and does not have a teaching attitude. I felt a lack of connection with so many faculties here on the flip side some were diamonds.

MBA program must contain more industrial visits and Hand on training, also the admission criteria should not be piece of cake for assholes, the don't study and spoils placement record also make other people not study

Good

Great university

Leads to motivation

Management is poor

Management slow.

MCQ should be included in examination and practical should be given more enhancement rather than assignments

Need improvement in ERP system and fee submission, fee submission is extremely difficult to understand and not able to see the exact due at ERP system also every time of fee payment every student have to verify the payment by getting print of fee slip from account department

Need more practical and labs experience

Nice

No

No

No comments

No proper communication ! Students have to suffer always due to incomplete information .
Practical Exams are of no use because practicals doesn't happen in proper manner.

No sports class

No suggestion

Not any

Nothing about sports in university and no inter college competition . No challenge faced by students provided by university to in different fields.

Nothing all good

Ok

Overall is Fine

Paperwork is hard. Student section is inactive. For any work, we have to roam here and there.

Please allow p.g students the collage campus after 5 p.m atleast hospital canteen .

Please look for lab classes and sports

Please look for the labs classes and we should have one sport's period

Please provide skill development session

Plz provide one sports period and Look for lab lab classes

SGT UNIVERSITY IS GOOD FOR EDUCATION

SGT's faculty is always best we dont want to give our suggestions

Our teachers is best and college is also best.

Some faculty don't provide adequate notes in the required time and abuse us if we ask them continuously.

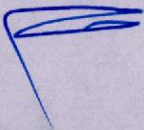

The management in our campus I found was lagging. Management is poor.

The management is very poor

Ik kam ko krne ke lie itna time lagate h

Kabhi bhi exams lene lg jate h covid me bhi hmee clg bulaya or exams conduct kie baki university me online exam hue the

here should be some relief on official works .

University wants everything on time to the students but University is not filling or standing on their own norms

Very excellent university

We should have a sports period

We should have one sports period

After due discussion on students' structured feedback analysis, the finalized actionable points, as pointed out by the Student Feedback Analysis Committee, are summarized below:

S. No.	Actionable Point	Remarks
1.	Practicals/ Labs are given equal importance	Curriculum will be designed in such a manner equal importance to be given along with other aspects apart from the existing content. Faculties will be instructed to strictly conduct the practical/ labs without failure.
2.	The practicals/lab experiments enhanced understanding of concepts of theory	All students will be given practical training based on the course content in such a manner that the process will be enhancing the concepts of theory.
3.	ERP	To facilitate the teaching and learning effectively along with proper administration to deliver the process fruitful the ERP will be updated technically and based on the feedback received from the users.
4.	Adequate reference books are available in Library/ Online material	Appropriate measures will be taken to ensure quality and updating with reference to reference material and online content after the inputs received from various faculties.
5.	Examination cell	Appropriate steps will be taken to conduct the process of examination effectively.
6.	Teaching ability/ Overall environment/ Teaching methods/ Teacher responsiveness	Timely training will be done to various faculties to create a healthy and effective teaching and learning atmosphere.
7.	Internships and industrial visits	As per the norms and regulations and as per the need for better teaching and learning internships and industrial visits will be planned.
8.	Sports/ Cultural	More number of sports and cultural activities with increased participation of students will be encouraged for all round development of the students.

Overview

Shree Guru Gobind Singh Tricentenary (SGT) University, Gurugram stress upon the continuous improvement of its teaching-learning as well as other academic process and policies.

SGT University, every year, rolls out a Structure Feedback Survey for its all stakeholders on the various parameters of teaching-learning and other academic processes to assess the quality of the aforesaid parameters & processes of the university to its continuous improvement.

The Structure Feedback Survey for the students was conducted by the Internal Quality Assurance Cell in the month of the February 2022 for the current academic session 2021-22 and detailed report and its analysis of the same is given hereunder as an overview of the survey.

Behavior of staff against students is not good . Security staff uses abusive language
Best college
Best university ,well maintained
Can it will happen objective type question in section A
Curriculum of SGT University is really great. The content is well organised and focused on practical situations. I'm really liked the format of the material and the discussions pointed out.
Due to lockdown college were closed in that period of time our bus pass should be extended.
Due to some points I am giving low number
End sem exams are 2 months late because of which we have to sacrifice our intership time. And all the time covid was blamed for that but the actual problem is in the management system. For all intership and project things which are very much important for the students the university has no plans and always start crying and giving excuse of covid but the same University postpone its end sem exams to 2 months so that they can take it offline. I'm no against offline exam but I also want the intership projects also....plzz improve your management it is really bad. You guys always ask for the feedback but very sab to say that there is not a single improvement.
Everything is appropriate and as per requirements.
Everything is okay
Everythingâ€™s goo and well satisfactory.
Everythingâ€™s good and faculty is awesome with friendly nature!
Examination checking management is very wrost. They are cutting unwanted marks and gives re appear in the results for without reason.
Examination pattern needs to be supervised. The fact that we have our final semester exams in a week and the datesheet is still not provided is very dissappointing. Our syllabus has not been completed in an efficient way, as few topics are still remaining in some subjects. In my opinion, we are focusing a lot more on written assignments which take a lot of our time. As a result, we are not getting enough time to learn other important skills required for the industry.
Excellent
Faculties are very cooperative and helping.

Faculty should take responsibility of their students and their studies. Authority should do their duties properly. University is for students and not students for university. Jab student ki problem hai to use sudharo. Usko lamba khichne ki kya jarurat h. Agar student ko sb kuch aata to vo padhne hi kyu aata. Students ko sikhao or unko improve kro. Jb students pass to teacher ne accha padhaya hoga or fail to iska dhyan nhi tha padhne me. Jb student fail hota h uski responsibility bhi to teacher le. Aap sb students ko sikhane ke lio ho. Students ke upar rob jhadne ke liye nhi. Student se galti hui use smjhao uski galti thik kro do. Aur aapse galti hui use bhi mana kro. Fees fees rhti h bs. Jitni jaldi fees lene ki hoti utne hi jaldi students ki problem suljhane ki bhi rkha kro. Aaj tk kisi student ke weak spot ko smjha na ho. Student ko sikhna pe dhyan diya jaye. Bahut si chize h jo improve krni chahiye example Toilets hi dekh lo. Itni gandhi. Sarkari hospital ki saaf hogi SGT se to.

Get your technical stuff figured out, half of the time the technology holds you back.wether it's the hdmi to vga converter not working or the ERP has attendence not showing problem, we gotta fix these road blocks parmanently, temporary fixes ain't gonna work in the long term Also this submission should be anonymous just so u get genuine true from heart kinda responses

Good

Good college

Good ðŸ’

Good faculty

Good University and teachers which encourages to study

Good work

Great Going SGT

Hshdhd

I have a good experience with this university , teachers are well co-operative and knowledge-full. Any can can join this university without any hesitation. Campus parking and parks are also good in condition.

I like the lecturers of the university.They are cooperative and understanding the problem of students but in online mode during the covid the learning process could be more improved.

Sometimes it makes feel like they are just trying to covering the syllabus not focussing on student requires.

I loved campus for its design and awesome teachers.

I was admitted late not any teacher guide me how to complete syllabus.

I also want daily motivation by teachers as not any teacher guide us what is good to do in carrier.

Overall all things is awesome.
I want reference book in library Please available all books in library
If the datesheets and exam-related information is provided to us more clearly, it will be easier for us students to plan our internships and projects. Whenever possible, I request the management to please clear out necessary information for the students so that they can plan their internships since they are vital for placements.
important and specific questions should be provided before finals
In my opinion, end semester exam should be objective as well as subjective. Complete subjective is very lengthy for students and they don't explain answers properly due to time shortage.
In our course coding is more important than other additional subjects. And it's better if teachers give there effort on practicals. Every day after College we don't have enough time to do our practice at home and in college in every lab period we do next topics and leave previous topic without any practice.
Information should be provided as early as possible, thanks
Internal exam marks not communicate to us.
It's perfect
KINDLY , give us more lab periods in practical not online we need it! , we do need to cover our syllabus in time which is still not covered and exams are on head! KINDLY handle our queries more often and be more friendly to students so that we may interact better and ask more questions. PLEASE send all the notes on groups as much as possible and do send the study material and reference messages .KINDLY PROVIDE ADEQUATE marks , my last paper of CN was great i studied hard for it , it was offline in the university and I don't know how i got such less marks, i was surprised ! , like why? KINDLY, consider it . Thanks.
Labs should be given more importance and new technology should also be applied additionally as extra course
Library do not have relevant books an they do not issue the books more than 14 days which is very bad and not helpful for students
lockers are not provided please provide the locker
Management problem
Need improvement
Need improvement in examination pattern in terms of date and regarding announcements of examinations within time(atleast 10 days before).
Need improvement in way of teaching and lab should be done on time.

No comments
No objective questions are asked in examination.
No response has been given regarding scholarship for 2nd year but have promised to provide it on time or give fees concession considering the marks of the previous academic year. Also the faculty doesn't complete the syllabus which has to come in exams on time. Plus the interaction of dean in our progress is zero. Also the faculty of engineering department doesn't co-operate with the students when it comes to submit fees, our 4th semester will nearly start in March 2022 but they asked for the fees to be submitted by 15th January 2022 knowing that the fees of 3rd semester has been given by parents in the month of September 2021, how a middle class parent can afford the whole year fees in the short duration 3 months. Also we get each and every notice whether it is regarding fees, online or offline class, mid term exam, practicals just a day or two before the particular event. You all have to work hard to fulfill at least the fair and virtuous needs of student. And my request is that please try to solve the mentioned problems and do not take this message lightly.
No such great facility of extracurricular activities.
No suggestion

none
Nothing
Our college is best
Our semester is getting late as per the industry. We are facing problems while searching for internships because this is the time for the internships and we are yet not over with the semesters. In other universities the new sem has been started from early December. We are not in the good pace to compete with the others. I am facing limitations because of the decisions taken by the university.
Overall a good journey, but there are some flaws for example, a lot of work to do while maintaining a lab file
Overall experience is good
Overall experience is OKAY

Placement offers should be offered to students as soon as possible and as many as possible in order to get jobs
Please don't change the teachers again and again because this will confuse students and face many challenges while studying and other content.
Please hire some well educated teachers
Poor
Poor infrastructure on the inside.
Provide more practical knowledge and industrial visits also
Sgt university is the good for study
So Far So Good
So far so good .
Syllabus incomplete
Syllabus is not yet completed of few subjects. In some subjects, if completed then few topics were not taught but asked in the examinations.
Take current exam online and objective.
Teacher syllabus complete at the end of final exam.
Teacher are not complete 1Month of lab period not taking by anyone.
Infrastructure are poor of my class AC not working whiteboard cracking.
Their only one plug board we are cs student so we need more plug boards.
Teachers are very helpful
Thanks
The end semester exam question paper was too lengthy.
The exam time should be shifted as I am a day scholar and it's being too late for many when the bus arrives after 5pm as I reach at 7.30pm . I request you please shift the timing.
The faculty should ask the students that in which line they want to go, like after completing the CSE we all students are at same level, but some students want to go in the java development some want to go in app development and so on. So there should be clarity in the mind of the students that what they actually want to do and prepare the students for that suitable industry ready that if they sit in any placement it will be looking like they are already experienced in there specific field.
The overall experience with university is excellent
The syllabus is not covered at appropriate time and then before exams it's rushed in 1-2 days
There is no support from department

There should be doubt class every week for every subject.
there's a serious issue regarding scholarship. it's my 3rd year here and university is yet to give scholarship from results of 1st year and 2nd year, I already scored what it is necessary for getting scholarship in all semesters , li even paid full fees as what management said to me to first pay full fee then i will get the scholarship. I have told about this issue to DEAN , HOD and mentor. But still now there no response from dean , mentor, HOD regarding this issue .
Too many extra unimportant subjects are included in curriculum on the cost of many important and relevant subjects. Overall curriculum is not satisfactory at all
very good
Very good no suggestions
Very poor management when it comes to handling any query from student. Time management for course duration is poor. Practical learning is zero to non and we are always advised to do it on our own. No time given for self learning as 12 hours is consumed by college itself including commuting time. I hope that students are given some time for self learning and working outside of college for gaining more experience and opportunities in market
Want a revision
We need more exposure in technical field and we need research area for project and real life learning
Well managed Faculty.
Well...
With reference to above cited subject in a technical education field experience is play vital role . In a nutshell kindly provide field experience for getting placement in particular field
(blank)

After due discussion on students' structured feedback analysis, the finalized actionable points, as pointed out by the Student Feedback Analysis Committee, are summarized below:

S. No.	Actionable Point	Remarks
1.	Practicals/ Labs are given equal importance	Students will be given equal coverage for labs/ practical and theory. For increasing the practical skills and improve dexterity the students will be focussed to provide practical training with full involvement.
2.	The practicals/lab experiments enhanced understanding of concepts of theory	The instruction for practical/ labs experiment will be to enhance the understanding of concepts of theory. All practices that support the same will be encouraged.

Suggestions Received from Students

Suggestion
All good
All over education system is good ढँ'
All over good
Books are not available according to students quantity only few books are available â€¡.!!!!
Camps in area to improve hands on practice.
Good
No suggestion
none
Nothing
Practical classes to be held more frequently
The period for the course should be increased
This university is a great university

After due discussion on students' structured feedback analysis, the finalized actionable points, as pointed out by the Student Feedback Analysis Committee, are summarized below:

S. No.	Actionable Point	Remarks
1.	Practicals/ Labs are given equal importance	To increase the skill, and practical knowledge proper steps will be implemented to conduct classes with equal importance to theory and practical.
2.	The practicals/lab experiments enhanced understanding of concepts of theory	Practical/ labs will be conducted along with theory classes to enhance the understanding of concepts and satisfy higher learning goals. Concerned committees will be monitoring the execution of the same for an effective delivery.
3.	Adequate reference books are available in Library/ Online material	As per the needs and demand placed by the committee after receiving inputs from the users prompt purchase for reading and online material for enriching the library.
4.	Camps	Institution will focus on improving medical camps conducted to increase the exposure of students and extend the services.

Suggestions Received from the Students

Suggestion

I want attendance of students to be taken strictly and newspaper in law department library as well as co-curricular activities more and more ,jail visits and practical exposer of law field ,academics should be taken seriously to encourage meritorious students and scholarship scheme should be rightly applied on time . Sports teams should be made and well student body in taking decisions should be there to enhance leadership skills and library should be improved with proper effective wifi and computers of latest technology. Trips should be organised to historical places of significance and healthy competitive environment should be there .

All are satisfied content.

All is good about university

All over good University .

BEST POINT IS ALL PROFESERS ARE WELL DONE OUR DUTIES SPECIALY DR. RAKESH MALIK MAM, AZAD SIR, PROF. RUCHI MAM, MEGHA MAM, MAHIMA MAM.

THESE ARE ALL BEST MENTOR WHO CAN NEVER BE FOUND AGAIN.

AND THEY NOT GUIDE FOR ONLY FOR YOUR STUDIES, BUT THEY ALSO GUIDED FOR YOUR BETER FUTURE.

Best University for students

Break between 2 sems must be longer

Bring back objective type question in final exam rather than one marker

Even the greatest were beginners

Every thing is very good and satisfactory.
Everything is good ðŸ™, faculty is very supportive but sanitization is poor as girl toilet is not clean
Good
Good Learning Journey
Good University
Gud
I think itâ€™s good for studs
I would like to give the following suggestions that should be looked and worked upon in my opinion, which will be beneficial for the students: 1. Remote Access to more reference material supporting platforms like SCC Online or Manupatra; 2. One weekly webinar or seminar must be added with both legal academicians & legal professionals related to our legal fraternity like Judges, Lawyers and others. These two will be helpful for the students to meet the competition and equip students better on practical or technical aspects of the legal field.
I'm first year student and I'm not satisfied with the university after semester exam i will leave sgt
It would provide a scope for improvement in future if students get to know their external marks.
Kindly add on few more books, magazines, newspaper in library. With same some more interactive session between faculty and students. Frequent visit to nearby district courts for more exposure.
Kindly make arrangement of newspaper and books other than our pocket books in the library.
More practical exposure Internship opportunities at nice firms More reading material
Need more improvement in studies like smart classes and self confidential activities
Newspapers needed to be provided in the library along with other available resources

Over all everything is good here.
Over all its good we learn so many things through moot court or workshops,etc.
Overall everything is excellent.
Overall good!!
Overall it is good.
Overall learning experience is okay but somewhere lacking in practical and industrial oriented also if extra magazine or newspaper related to our field recent judgement ,cases, current affairs which can help us to prepare for different exams and also more presentation , interactive sessions would definitely boost our knowledge and confidence ,and also one more important thing is scholarship scheme in our faculty which is ironed over the time .. students were told that they will get scholarship further on their academic performance on semester basic but no one got that till now . I highly recommend to the faculty members please do not make fake promises we also work hard to fullfill that need but if we do not get any appraiser it leads us to lessen our excitement .
poor grade overall
Quite well
Some practical knowledge should be there
Students should have weekly communication classes with the vc or the other higher authorities to discuss their problems
Suggestion is that more and more study material should be given by college .
Syllabus of some subjects wasn't completed before examination which created problems to the whole class.
Teachers should provides the study martial also on time.
The examination and evolution pattern of the university should provide optional choice questions also.
The Faculty of Law needs improvement
The pressure of attendence should be negative because there are students who believe in self first and fot that time is needed
The previous pattern of exam was much better in which there were 30 MCQ
There is a need for improvement
University can prepare you for a specific career path, so, this is the best University for achieving our goal.
University environment is very bad ...Lots of atrocities act happens in class on daily basis & some teachers take it so easy...Apart from that lots of teachers are good & they help us to groom.Still, some criteria of admission into law courses must be change so that the children got admission atleast have the manners & represent themselves as a good educated person.
We requested you to arrange more books of our course in context to our syllabus.
Thank you!
We want MCQ types questions in our exams

After due discussion on students' structured feedback analysis, the finalized actionable points, as pointed out by the Student Feedback Analysis Committee, are summarized below:

S. No.	Actionable Point	Remarks
1.	Practicals/ Labs are given equal importance	The curriculum will be designed in a manner that the theory and practical/ labs are given equal importance. All measures promoting the same will be implemented.
2.	The practicals/lab experiments enhanced understanding of concepts of theory	Increased practical/ labs with quality in appropriate intervals based on the theory engaged will enhance the understanding of concepts. Appropriate measure to synchronize the theory and practical classes will make to achieve the course outcomes efficiently.
3.	Adequate reference books are available in Library/ Online material	Periodic meetings will be conducted along with survey for gathering inputs for updating the reading and online material. Followed by the inputs appropriate steps will be made to procure the resources to facilitate effective teaching and learning.
4.	Syllabus completion/ Contents	All faculties will be instructed to strictly adhere to the prescribed syllabus points with defined depth for elaboration to students for timely completion of the syllabus.
5.	Examination and evaluation	Various quality and fair measures will be planned and implemented for examination and evaluation process.
6.	MCQ pattern should be brought back	A portion of the assessment shall include MCQs as per guidelines
7.	Newspaper facility	Already the provision is available in library. Institution will enhance its services with regard to same.
8.	Moot court and workshops	Institution will focus on increasing quality activities.
9.	Teacher response	Regular FDP/ Reorientations programs will be conducted to teachers to improve the teaching and learning process.

Suggestions Received from the Students

Suggestion
Best course and also facilityâ€™s are very excellent
Good
Need to improve
Needs to improve
No suggestions.
Not satisfied with the Transport facilities, the pass issues always and secondly there is a lack of medical rooms in every block or floors. There should be atleast one with each block, if not floor
Nothing
overall I would say field work should be synchronised with theory
Satisfied
The tutor helped me focus on analysing instead of summarising which was my biggest issue.

This University is best private university but in late fees they charge their students very costly and the transportation system is poor accordingly to by me

Very good experience

We pay charges for library and expect books to study in out academic time period
Books are not available for the whole Six month

The rechecking of exam should be done free of cost because winner student it when a student apply for rechecking he would be confident about his performance and mistake can be done buy checker's side also

We are in final year so many of students are able to manage extra curricular participations
With studies but because of we are coming regularly to study to a university that far we need to focus more on studies
Either students participate in classes or some event classes should be conducted regularly and we should be put into studies throughout semester as our it's our final year

After due discussion on students' structured feedback analysis, the finalized actionable points, as pointed out by the Student Feedback Analysis Committee, are summarized below:

S. No.	Actionable Point	Remarks
1.	Adequate reference books are available in Library/ Online material	Adequate number of quality books will be collected after consultation with the faculty.
2.	Transportation	Issues regarding transportation will be resolved.
3.	Examination	Proper reforms will be done.
4	Extracurricular activities	Increase in number and quality of extra-curricular activities will be done.

Suggestions Received from the Students

Suggestion
15 days pre datesheet not given
All good
All good
All round good
Another department should also concern for bpt
Assignment load should be reduced, as they interfere with learning process and preparation for examination
Bachelor's of Physiotherapy is good in SGT
Best teachers and their teaching skill's.
Certain teachers do favour certain students which is not good and why not make a enviroment where all students are given equally attention and rather than demotivating the students who don't score good why don't the teachers try to motivate them and know the root cause of why can't they do better rather than throwing tantrums on them
Excellent
Excellent education system
Good

Good
Good facilities
Great
I don't know
I wish teacher to share notes and tell beforehand the next topic before next lecture
Inclusion of objective type questions in exams
Library books should be available more
MCQ krrva do
MCQ must be included in the examination.
Nice
Nice work
Our education system really needs a huge amount of improvement because it just pressurise students and there is no actual practical learning
Overall.. I am happy with my department nd also with my university..
Please give more practical practice.
Please inform the students for their examination before atleast 15 days.
Please provide us the whole year/semester plan(including tentative datesheet) earlier, so that we can do Prepare for exams before time
Practical classes should give equal impotance.
Proper circulation of information between higher authorities and faculties is lacking. End time rush into the decisions make students suffer as what we need to learn are basics and we need proper understanding towards them because let's face it this is the country's future we are talking about .
Provide all books in library
Satisfied
Should More focused on practical skills
Syllabus should be covered well within time so that we generate our interests and gets time to learn them properly.
The campus really need to work on time management for covering their syllabus on time and for providing adequate time for examinations instead of pressuring students at the last moment.

After due discussion on students' structured feedback analysis, the finalized actionable points, as pointed out by the Student Feedback Analysis Committee, are summarized below:

S. No.	Actionable Point	Remarks
1.	Practicals/ Labs are given equal importance	Practical/ labs will be further strengthened through activity based training and or involving students or experiential learning through innovating and implementing effective pedagogy based on student needs.
2.	The practicals/lab experiments enhanced understanding of concepts of theory	Practical/ labs will be further strengthened through activity based training and or involving students or experiential learning through innovating and implementing effective pedagogy based on student needs.
3.	Teaching ability/ Overall environment/ Teaching methods/ Teacher responsiveness	Proper training will be facilitated and encouraged for overall growth of the faculties.
4.	MCQ pattern should be brought back	Needed measures will be taken to implement the MCQ pattern of question in assessments.
5.	Examination	Examination system will be improved and prior notification of dates will be announced though the system exists.
6.	Covering syllabus	Appropriate steps will be taken to ensure covering the allotted syllabus.

Nood need for feedback
Nothing
Ok
Our faculty is so developed and all the faculty members are highly educated
Poor experience with some teachers
Sgt university is good
Teaching staff are very supportive and encourage us to study more and the material they provide are the best material. Having all these teacher is blessings for us.
The environment of the college is not good enough...
The exams should be conducted like 1day 1 exam...cuz it's hard for some students to cope up with this kind of exam environment as 2 tough subjects are kept in one day
There must be off on Saturdays.
Very good

After due discussion on students' structured feedback analysis, the finalized actionable points, as pointed out by the Student Feedback Analysis Committee, are summarized below:

S. No.	Actionable Point	Remarks
1.	Practicals/ Labs are given equal importance	Practical/ labs will be conducted on time. Emphasize will be given to practical/ labs by ensuring active involvement of individual student.
2.	The practicals/lab experiments enhanced understanding of concepts of theory	Proper implementation of practical/ lab experiment will be conducted by faculties, monitored by respective committee.
3.	Teaching ability/ Overall environment/ Teaching methods/ Teacher responsiveness	Faculty development programs will be conducted to better teaching ability, overall environment, teaching methods and teacher responsiveness.
4.	Examination	Examination process will be reformed as per the need to improve the system by respective committee.
