SUSTAINABLE DEVELOPMENT GOALS

3 GOOD HEALTH AND WELL-BEING

SGT University emphasizes good health and well-being through its extensive healthcare programs. The university hospital offers affordable medical services, benefiting nearby rural communities. Regular health camps, screenings, and awareness campaigns are conducted on topics like nutrition, mental health, and chronic diseases. The Faculty of Medicine & Health Sciences engages in cutting-edge research to improve healthcare outcomes, focusing on areas like infectious diseases and maternal health. Additionally, students are trained in healthcare outreach, ensuring they contribute to community wellness. By prioritizing preventive healthcare, SGT aligns its efforts with SDG 3 to ensure healthier lives and promote well-being for all ages.

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

In honor of Doctors Day, which is celebrated on July 1st each year, Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental camp to provide free dental check-ups and awareness to the community. The camp aimed to promote oral health, educate the public about preventive measures, and appreciate the dedicated efforts of healthcare professionals. The event was held at Palra Village, Gurugram and attracted a significant number of participants from different age groups.

The dental team took initiative under guidance of Dr. Shourya Tandon (Associate Dean and Prof. and Head). The dental team was headed by Dr. Surbhi Priyadarshi (Senior Lecturer, Dept. of Public Health Dentistry) along with 2 postgraduates students Dr. Shiwangi (Dept. of Periodontics) and Dr. Ayesha (Dept. of Prosthodontics) and 6 interns Sanjana, Saloni, Gopi, Adharva, Aarzo, Aarti. Mr. Sunil accompanied the dental team. Approximately 40 individuals, including children, adults, and senior citizens, availed themselves of the free dental check-ups and consultations. Thirteen individuals were provided basic treatment which included partial oral prophylaxis, restorations in the mobile dental van at the camp site.

Oral health education sessions were conducted, covering topics such as diet and its impact on dental health, the importance of fluoride, and the significance of regular dental visits. The participants were provided with informational pamphlets, toothbrushes, and toothpaste to encourage good oral hygiene practices at home.

A question-and-answer session allowed participants to seek personalized advice and clarify their doubts regarding dental health.

Volunteers ensured smooth flow and coordination of activities, providing assistance wherever needed.

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

The dental camp organized on the occasion of National Doctor's Day successfully fulfilled its objectives of providing free dental check-ups, educating the community about oral health, and honoring doctors. The event not only contributed to improving oral hygiene practices among the participants but also highlighted the importance of regular dental care.

Interns Feedback

Place - Palna Village, Gurugram

The overall experience for attending the camp was rewarding and fulfilling. Being able to contribute to the community by providing dental care and education was incredibly satisfying. The camp was well-coordinated and the atmosphere was positive. We were able to offer a comprehensive range of services and promote oral health awareness. Witnessing the impact we had on patients' lives and seeing their gratitude was truly inspiring. It was an enriching experience that reminded us of the importance of accessible dental care for all.

7. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental as well as medical camp on 6 July, 2023 (Thursday) at Kherli Kankar village, Nuh.

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

The dental team took initiative under guidance of Dr. Shourya Tandon

(Associate Dean and Prof. and Head). The dental team was headed by Dr.

Priyanka Kundu (Senior Lecturer, Dept. of Public Health Dentistry) along with

2 postgraduate students Dr. Chetna (Dept. of Periodontics), Dr Shivansh (Dept.

of conservative & Endodontics) and 6 interns Anchal, Bhavna, Deepika, Nisha,

Saloni, Sanjana, . Mr. Darshan (Attendant) accompanied us. Dental checkup of

97 individuals including 44 males and 53 females from different age groups

was done.

15 individuals were provided basic treatment which included partial oral

prophylaxis in the mobile dental van at the camp site. Positive feedback was

obtained from many patients post-treatment. However rigorous cases

requiring complex treatment were referred to SGT dental college. All patients

were given referral slips. The patients got ample opportunities to interact with

the dental surgeons to enquire and gain knowledge concerning oral diseases.

Importance of maintaining good and hygienic oral health was verbally

delivered to the patients. An oral hygiene kit consisting of a toothpaste, tooth

brush and mouthwash was distributed to the needy population. Along with

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

this, medicines including analgesics, antibiotics and multivitamins were distributed at the camp site.

With the involvement of every single member of the dental team and their enormous efforts, motive of the dental camp was achieved to its maximum.

International School, Gurugram. The camp started at 10:30 am and continued till 1:30 pm. 230 students were examined, which included 170 boys and 60 girls. Oral Health Education was imparted regarding the importance of adopting a healthy lifestyle through brushing techniques, models and charts. The nursing team helped to measure the student's height, weight and BMI. The purpose of the health drive was to create awareness among the students and make them understand the importance of health. Students who required dental treatment were referred to SGT Dental Hospital for further treatment. The school management team appreciated the efforts of the dental team for the smooth conduct of the activity.

9. **Outcome of the Activity:** 230 Students were examined, out of which
- 120 students diagnosed with Dental Caries*
 - 50 students diagnosed with Malocclusion*
 - 40 students diagnosed with Gingivitis*

All the students who required any kind of dental services were referred to SGT Dental College, Gurugram

6. Objective of the Activity:

To create awareness among the people about common oral diseases and to Promote Oral Health.

7. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental camp to provide free dental check-ups and awareness to the community. The primary objective of the camp was to raise awareness about oral hygiene, provide dental check-ups, and educate the local community about the importance of maintaining good dental health. The camp aimed to reach out to individuals of all ages and backgrounds, promoting preventive dental care and addressing common dental issues prevalent in the area. The event was held at Malab, Nuh and attracted a significant number of participants from different age groups.

The dental team took initiative under guidance of Dr. Shourya Tandon (Associate Dean and Prof. and Head). The dental team was headed by Dr. Surbhi Priyadarshi (Senior Lecturer, Dept. of Public Health Dentistry) along with 1 postgraduate student Dr. Enshika (Dept. of Periodontics) and 5 interns Aman, Akshat, Anisha, Aishley, Aarti. Mr. Sunil accompanied the dental team.

Approximately 66 individuals, including children, adults, and senior citizens, availed themselves of the free dental check-ups and consultations. Twenty-one individuals were provided basic treatment which included partial oral prophylaxis, restorations in the mobile dental van at the camp site.

Interactive sessions were conducted to educate the attendees about the significance of oral hygiene. The importance of regular brushing, flossing, and the proper technique for both was demonstrated. Participants were also informed about the ill effects of tobacco use, excessive sugar consumption, and the role of a healthy diet in maintaining good oral health.

To encourage and assist the participants in maintaining good oral hygiene, oral hygiene kits comprising toothbrushes, toothpaste, dental

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

floss, and educational pamphlets were distributed to each attendee. Detailed instructions on their use and importance were provided.

The Dental Health Awareness Camp at Malab, Nuh, successfully provided essential dental care and education to the community. The camp helped identify dental problems in individuals and offered immediate treatments, relieving discomfort and improving oral health.

8. Number & Description of Beneficiaries:

Total- 66

Male- 38

Female- 28

9. Outcome of the Activity & its relevance to Health Sciences: 50 Patients were examined, out of which-

- 30 patients were diagnosed with Dental Caries,*
- 10 patients were diagnosed with Periodontal Disease.*

All the patients who required any kind of dental services were referred to SGT Dental College, Gurugram.

10. Relevant Photographs with captions (preferably geo-tagged & High-resolution images – to be mailed as separate attachments along with placement in word file also) – 4 to 6 Photographs

The Department of Public Health Dentistry, Faculty of Dental Sciences,

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

SGT University in collaboration with SGT Publicity Team organized a dental as well as medical camp. The camp was organized on 10th July, 2023 (Monday) at village Haqdarpur, Pataudi.

The dental team took initiative under guidance of Dr. Shourya Tandon (Associate Dean and Prof. and Head). The dental team was headed by Dr. Ankita Yadav (Senior Lecturer, Dept. of Public Health Dentistry) along with 1 postgraduate student Dr. Sameera (Dept. of Oral Surgery) and 6 interns Aarzo, Anjali, Anisha, Bhavya, Adharva, Kamal and Mr. Darshan (Attendant) accompanied us. Dental checkup of 46 individuals including 30 males and 16 females from different age groups was done.

9 individuals were provided basic treatment which included oral prophylaxis in the mobile dental van at the camp site. Positive feedback was obtained from many patients post-treatment. However rigorous cases requiring complex treatment were referred to SGT dental college. All patients were given referral slips. The patients got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral diseases.

Along with screening, health talk was also delivered on the importance of Oral Health, Oral hygiene practices, adverse oral habits. Patients who disclosed a history of tobacco use, whether through smoking or chewing, received comprehensive explanations regarding its detrimental effects, not only on their own well-being but also on the health of their loved ones in close proximity. They were motivated to quit the tobacco. The villagers collectively showed their appreciation to the dental team for their dedicated efforts in ensuring the triumph of the Oral health Drive

Also Highlighting the theme of this year 'Be Proud of Your Mouth' importance of maintaining good and hygienic oral health was verbally delivered to the patients. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to the needy population.

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental as well as medical camp. The camp was organized on 25th

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

July, 2023 (Tuesday) at village Raipur, Sohna.

The dental team took initiative under guidance of Dr. Shourya Tandon (Associate Dean and Prof. and Head). The dental team was headed by Dr. Ankita Yadav (Senior Lecturer, Dept. of Public Health Dentistry) along with 2 postgraduate students Dr. Ida (Dept. of perio), Dr Vaishali (Dept. of Prosthodontics) and 6 interns Aarzo, Aman, Aarti, Akshat, Manisha Gopi and Mr. Darshan (Attendant) accompanied us. Dental checkup of 65 individuals including 31 males and 34 females from different age groups was done.

12 individuals were provided basic treatment which included partial oral prophylaxis, restorations, and extractions in the mobile dental van at the camp site. Positive feedback was obtained from many patients post-treatment. However rigorous cases requiring complex treatment were referred to SGT dental college. All patients were given referral slips. The patients got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral diseases.

Along with screening, health talk was also delivered on the importance of Oral Health, Oral hygiene practices, adverse oral habits. Patients who disclosed a history of tobacco use, whether through smoking or chewing, received comprehensive explanations regarding its detrimental effects, not only on their own well-being but also on the health of their loved ones in close proximity. The villagers collectively showed their appreciation to the dental team for their dedicated efforts in ensuring the triumph of the Oral health Drive

Also Highlighting the theme of this year 'Be Proud of Your Mouth' importance of maintaining good and hygienic oral health was verbally delivered to the patients. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to the needy population.

With the involvement of every single member of the dental team and

SGT UNIVERSITY

To create awareness among the people about common oral diseases and to Promote Oral Health.

7. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental as well as medical camp on 12 August, 2023 (Saturday) at Mundakhera village, Jhajjar.

The dental team took initiative under guidance of Dr. Shourya Tandon (Associate Dean and Prof. and Head). The dental team was headed by Dr.

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

Priyanka Kundu (Senior Lecturer, Dept. of Public Health Dentistry) along with 6 interns Aman, Akshat, Bhavya, Anisha, Nisha, Deepika. Mr. Darshan (Attendant) accompanied us. Dental checkup of 16 individuals including 10 males and 6 females from different age groups was done.

All patients were given referral slips. The patients got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral diseases. Importance of maintaining good and hygienic oral health was verbally delivered to the patients. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to the needy population. Along with this, medicines including analgesics, antibiotics and multivitamins were distributed at the camp site.

With the involvement of every single member of the dental team and their enormous efforts, motive of the dental camp was achieved to its maximum.

- To provide oral health check-up for children and educate them regarding their oral health status.

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

Dental check-up camp was organized by the Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 21 August, 2023 (Monday) at KV School, Rohtak.

The dental team took initiative under guidance of Dr. Shourya Tandon (Associate Dean and Prof. and Head). The dental team was headed by Dr. Ankita Yadav(Senior Lecturer, Dept. of Public Health Dentistry) along with 2 post graduate students Dr. Sugandha (Dept. of Pedodontics), Dr Ashi (Dept of Orthodontics) and 6 interns Deepika, Nisha, Saloni, Sanjana, Kamal, Aditi. Mr. Sunil (Attendant) accompanied the dental team. Oral health screenig of 337 students from classes First to IV was done. The children were between the age group of 6 to 9 years.

The primary goal of this session was to increase the access and utilization of dental care at grass root levels and also to create awareness among the community. Oral health talk was rendered focusing on the importance of maintenance of oral hygiene. Demonstration of toothbrushing technique was given with the help of dentoform model. To encourage the children to adopt healthy oral practices, an oral hygiene kit was distributed. Students who

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

required dental treatment were referred to SGT Dental hospital for further treatment.

The camp was organized to create awareness related to the issues of oral health and the importance of oral hygiene and concluded with a high hope that the team has moved a step forward in creating an orally healthier community.h

9. Number & Description of Beneficiaries:

The Beneficiaries were students of KV School from classes 1st to IV. 337 students came forward for their Dental Check-up. Children were given demonstrations for brushing technique. Majority of the students had good oral hygiene however some children had Dental Caries, grossly decayed teeth and extrinsic stains.

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the School Authorities. Proper brushing technique was demonstrated to educate the children and their teachers regarding the importance of proper oral hygiene maintenance. Three hundred thirty seven students were examined. Young Children were also shown educational videos to reinforce the oral health education imparted to them. The interns and postgraduates worked in tandem and learnt the nuances of working at an outreach setting in a

SGT UNIVERSITY

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening program on 23rd August 2023 (Wednesday) at Kendriya Vidyalaya School Rohtak in collaboration with SGT Marketing team. The Dental camp was organized to promote the importance and maintenance of Oral health among school children. Oral hygiene maintenance remains paramount in our society. School children being the future of the nation were considered for the same. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Dept & Associate Dean). The Dental team was headed by Dr. Charu Khurana (Associate Professor, Department of Public Health Dentistry) along with 2 Postgraduates Dr. Tanvi (Department of Orthodontics), Dr. Sugandha (Department of Pedodontics), and 5 Interns Akshat, Aishley, Aditi, Gopi, Aman and 1 attendant Mr. Darshan. The camp started at 11:00 am and continued till 2 pm. 452 students from classes 5th to 9th including

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

252 boys and 200 girls. Oral Health Education was imparted regarding the importance of adopting a healthy lifestyle through brushing techniques, models and charts. The students who were needy were distributed toothpastes. Students with good oral hygiene were given badges as a token of appreciation. The purpose of the Oral Health drive was to create awareness among the students and make them understand the importance of oral health care. Students who required dental treatment were referred to SGT Dental hospital for further treatment. The school official authorities expressed their gratitude to dental team for their efforts to make the Oral Health Drive a successful event.

6. Objective of the Activity:

*To create awareness among the people about common oral diseases
and to Promote Oral Health.*

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

7. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental as well as medical camp on 26th August, 2023 (Saturday) at Khetiyawas, Pataudi.

The dental team took initiative under guidance of Dr. Shourya Tandon (Associate Dean and Prof. and Head). The dental team was headed by Dr. Surbhi Priyadarshi (Senior Lecturer, Dept. of Public Health Dentistry) along with 6 interns- Akshat, Aman, Anisha, Arzoo, Aditi and Aishley. Mr. Darshan(Attendant) accompanied us. Dental checkup of 51 individuals from different age groups was done.

Thirteen individuals were provided basic treatment which included partial oral prophylaxis, restorations in the mobile dental van at the camp site. Positive feedback was obtained from many patients post-treatment. However rigorous cases requiring complex treatment were referred to SGT dental college. All patients were given referral slips. The patients got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral diseases.

Importance of maintaining good and hygienic oral health was verbally delivered to the patients. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to the needy population. Along

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

with this, medicines including analgesics, antibiotics and multivitamins were distributed at the camp site.

With the involvement of every single member of the dental team and their enormous efforts, motive of the dental camp was achieved to its maximum.

8. Number & Description of Beneficiaries:

Total- 51

Male- 23

Female- 28

9. Outcome of the Activity & its relevance to Health Sciences: 50 Patients were examined, out of which-

- 20 patients were diagnosed with Dental Caries,*
- 15 patients were diagnosed with Periodontal Disease.*

All the patients who required any kind of dental services were referred to SGT Dental College, Gurugram.

7. *Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken: The Department of Public Health Dentistry of Faculty of Dental Sciences, SGT University conducted Oral health screening program on 28th August 2023 at Village Jasat, Pataudi in association with Publicity Team of SGT University. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). A total of 33 patients were examined by four interns Bhavya, Anjali, Anchal and Bhawna which included 10 males and 23 females. Patients who required complex dental treatment were referred to SGT University for further procedures. Oral health education was imparted to the people and proper brushing technique was demonstrated. The general population gave positive feedback and appreciated the check up and patient care provided by the Dental Team. The purpose of the Oral Health check-up was to create awareness among the community and make them understand the importance of oral health.*

6. Objective of the Activity:

World Patient Safety Day is an annual event observed on September 17th to raise awareness about patient safety and promote efforts to improve healthcare practices worldwide.

To create awareness among the people about common oral diseases and to Promote Oral Health.

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

7. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental as well as medical camp on 19th September, 2023 (Tuesday) at Kasan Village.

World Patient Safety Day is an annual event observed on September 17th to raise awareness about patient safety and promote efforts to improve healthcare practices worldwide. On this occasion we educated the healthcare providers, patients, and the public about the importance of patient safety and the risks associated with medical errors.

We also encouraged the patients and their families to actively participate in their healthcare and be advocates for their own safety.

The dental team took initiative under guidance of Dr. Shourya Tandon (Associate Dean and Prof. and Head). The dental team was headed by Dr. Surbhi Priyadarshi (Senior Lecturer, Dept. of Public Health Dentistry) along with 2 postgraduate students – Dr. Preeti (Dept. of Prosthodontics), Dr. Sameera (Dept. of Oral Surgery) and 6 interns- Akshat, Aarti, Kamal, Adharva, Aditi and Aishley. Mr. Darshan (Attendant) accompanied us. Dental checkup of 50 individuals from different age groups was done.

Thirteen individuals were provided basic treatment which included partial oral prophylaxis, restorations in the mobile dental van at the camp site. Positive feedback was obtained from many patients post-treatment. However rigorous cases requiring complex treatment were referred to SGT dental college. All

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

patients were given referral slips. The patients got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral diseases.

Importance of maintaining good and hygienic oral health was verbally delivered to the patients. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to the needy population. Along with this, medicines including analgesics, antibiotics and multivitamins were distributed at the camp site.

With the involvement of every single member of the dental team and their enormous efforts, the motive of the dental camp was achieved to its maximum.

8. Number & Description of Beneficiaries:

Total- 50

Male- 27

Female- 23

9. Outcome of the Activity & its relevance to Health Sciences: 50 Patients were examined, out of which-

- 30 patients were diagnosed with Dental Caries,*
- 17 patients were diagnosed with Periodontal Disease.*

All the patients who required any kind of dental services were referred to SGT Dental College, Gurugram.

6. Objective of the Activity: To create awareness among the people about common oral diseases and to Promote Dental Health.

7. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken: The Department of Public Health Dentistry organized the oral health and screening camp on 21st September at Ghummanhera, Delhi to continue the celebration of Patient Safety Day which is observed annually

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

on 17th September. The Day brings together patients, families, caregivers, communities, health workers, health care leaders and policy-makers to show their commitment to patient safety. A total of 40 patients including 31 males and 09 females were examined, of which 15 patients were treated in mobile dental van at camp site. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. A speech was also delivered by the interns to make people aware of the importance of the day. The general population gave positive feedback and appreciated the check up and patient care provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion The purpose of the Oral Health check-up was to create awareness among the community and make them understand the importance of oral health.

8. Number & Description of Beneficiaries:

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening program on 29th September 2023 (Friday) at RD International School, Rohini, Delhi.

The Dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Dept. & Associate Dean). The Dental team was headed by Dr. Surbhi Priyadarshi (Senior Lecturer, Department of Public Health Dentistry) along with 2 postgraduate students Dr. Anshula (Department of Pedodontics), Dr. Prashant (Department of Orthodontics), 3 Interns Akshat, Gopi, Sakshi and 1 attendant Mr Sunil. The camp started at 11:00 am and continued till 1:30 pm. A total of 98 students from classes Nursery to XIIth were examined.

Along with students, oral health examination was done for some of the teachers and supporting staff members in the school. An oral health talk session was delivered which included importance of brushing, procedure of mouthwash usage and oral hygiene instructions. Doubts regarding toothbrushing technique, oral hygiene products and questions raised by students during oral health talk session were also answered.

Oral Health Education was imparted regarding the importance of adopting a healthy lifestyle through brushing techniques, models and charts. The purpose of the Oral Health drive was to create awareness among the students and make

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

them understand the importance of oral health care. Students who required dental treatment were referred to SGT Dental hospital for further treatment.

9. Number & Description of Beneficiaries:

The Beneficiaries were students of RD International School from Classes Nursery to XIIth. 98 students came forward for their Dental Check-up out of which 59 were boys and 39 were girls. Children were given demonstrations for brushing technique. Majority of the students had good oral hygiene however some children had Dental Caries, grossly decayed teeth and extrinsic stains.

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the School Authorities. Proper brushing technique was demonstrated to educate the children and their teachers regarding the importance of proper oral hygiene maintenance. Ninety-eight students were examined. Young Children were also shown educational videos to reinforce the oral health education imparted to them. The interns and postgraduates worked in tandem and learnt the nuances of working at an outreach setting in a school setting while realizing the importance of good teamwork and soft skills related to patient management at an outreach setting.

Ms. Pooja Negi

SGT University

Dear Ms. Pooja Negi,

I extend my warm wishes and greetings on the auspicious occasion of Diwali. It is with great pleasure that I write to you today. We have enjoyed a longstanding association with your esteemed institution. Over the years, we have actively participated in your science exhibitions, and I am delighted to inform you that this year we achieved the honour of securing the third position. Furthermore, many of your students have proven to be invaluable additions to our teaching staff, and a significant number of our alumni proudly bear the imprint of SGT University.

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

We have recently come to learn about your commendable initiative to provide free health checkups to students from various schools. Our institution routinely monitors our students' well-being across various health parameters, including:

1. Height
2. Weight
3. Eyesight
4. Oral hygiene
5. Ears Checkup
6. Blood Group
7. Haemoglobin

We kindly request your assistance in conducting health assessments for a total of 813 students at Bhai Joga Singh Public School, located at D-4 Faiz Road, Karol Bagh, New Delhi-5.

Your willingness to conduct these tests will be greatly appreciated. Please do not hesitate to contact **Mrs. Sadhika Teji** at her mobile number **7827832495** should you have any questions or require further clarification.

The date and time for conducting the health assessments will be mutually decided upon your confirmation. We greatly value your contribution to the welfare of our students and look forward to your positive response.

Thank you for considering our request, and we eagerly await your response.

Sincerely,

Harinder Pal Singh Virk
Principal
Bhai Joga Singh Public School

Dear Sir,

On December 14th, we are going to hold an awareness programme in collaboration with the faculty of physiotherapy titled "A Better Transition of Life: Health and Menopause" at Taj Nagar, Farrukhnagar. We planned to carry out a health examination, role play, and fitness regimen as part of the programme. So I would like to request you to please provide 1 faculty member and 7 students to ensure a smooth running of the programme, along with the Body Mass Analyzer equipment for the health assessment.

8. Objective of activity –

- To make awareness of physiotherapy among the rural people.
- To rehabilitate the unreached sufferers among rural people

9. Brief write up of event/Report of the EVENT:

The faculty of physiotherapy in association of Faculty of Nursing, SGT University organized an Awareness camp entitled “A Better Transition of Life: Health and Menopause” on 14th December 2023 in Taj Nagar Farukhnagar, Haryana. The Awareness camp gained a lot of attention and was a great achievement.

The main purpose of the visit was to provide no cost physiotherapy services to the less reached area and awareness amongst the people of Taj Nagar Farukhnagar, Haryana. The team reached the gram panchayat at 10.30am in the morning and started the camp, they treated around 55 women patients under the guidance of Dr. Renuka Jakhar Assistant Professor, Faculty of Physiotherapy). The camp was led by 10 students from the department, including 5 postgraduate and 10 undergraduate students along with office Assistant Mr. Rakesh. Most of the patients reported with menopausal problems. People were also counselled regarding general health awareness, home care advice, weight management. Overall, the camp was a success with a very good response from the villagers.

The faculty of physiotherapy, SGT University organized a free health check up on 08th Sep, 2023 to Asaudha Village, Bahadurgarh, Haryana on the occasion of World Physiotherapy Day. The Physiotherapy camp gained a lot of attention and was a great achievement.

The main purpose of the visit was to provide no cost physiotherapy services to the less reached area and awareness amongst the people of Asaudha Village, Haryana. The team reached the gram panchayat at 10.30am in the morning and started the camp, they treated around 70 patients under the guidance of Dr. Himanshu Assistant Professor, Faculty of Physiotherapy). The camp was led by 15 students from the department, including 5 postgraduate and 10 undergraduate students along with office Assistant Mr. Rahul. The nukkad Natak was also performed among the village areas. Most of the patients reported with musculoskeletal problems of neck pain, back pain and knee pain with some ADL restrictions. People were also counselled regarding general health awareness, home care advice, weight management. Overall, the camp was a success with a very good response from the villagers.

12. Number of Beneficiaries– 70 Patients were treated.

The team was at Deepashram Foundation, Gurugram from 11:00 p.m-2:00 p.m. The residents of the ashram were delighted to see the team and they gave a very warm welcome to the faculty and students of SGTU. After a wonderful interaction with residents, a sum of Rs.5000/- along with various food, refined oil, adult diapers, dish washing liquid and floor cleaner and woollen clothes were donated.

6. **Number & Description of Beneficiaries:** The under-privileged residents from the ashram were provided with warm clothes for winter, stationary items, dry food items and also monetary help for the upliftment and development of the organization

7. **Outcome of the Activity & its relevance to Health Sciences:** The activity was successful and the residents as well as the members of the organization were overwhelmed with the response. All the efforts were highly acknowledged.

4. Objective of the Activity: The main objectives of the programme were to build awareness about the requirement of RO water filter in filtration system as per TDS level of their household water and testing the TDS level of water from different sources of Badli village.

5. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

Reverse Osmosis or RO filter drastically reduces the TDS of water that can lead to number of diseases due to deficiency of minerals. Govt of India has already banned the selling of RO water filter in the areas where Total Dissolved Solids (TDS) in drinking water is less than 500 mg/Litre.

Faculty coordinators, Dr. Vikram Mor, Ms. Megha Walia, Mr. Niladri sekhar Roy and the students of Faculty of Science, sensitized the local people about the concepts of Total Dissolved Solids, Minerals in water and the health issues associated with mineral deficiency. Dr. Vikram Mor, Assistant Professor, Department of Environmental Science explained how RO water purifier reduces TDS level from drinking water in such a concentration that could lead various health issues to the consumers. He also explained the testing procedure of TDS level with digital TDS meter to the target audience.

6. Number & Description of Beneficiaries

The target people of this event were house wives and head of the family who needed to be sensitized about Pros and Cons of Ro Water Filter. After the awareness session, the students of Faculty of science tested TDS level of water samples in more than twenty houses. Students also explained them the suitable range of TDS should be 100- 300 mg/L as per Bureau of Indian Standards and it will be health wise beneficial for them.

7. Outcome of the Activity & its relevance to Health Sciences:

To address the drawbacks of RO systems, alternative water treatment methods, such as activated carbon filtration or ion exchange, can be considered. Additionally, the use of remineralization techniques or consuming a balanced diet can help compensate for the loss of essential minerals. Overall, a comprehensive understanding of the benefits and limitations of RO systems is crucial for making informed decisions regarding their use in relation to health science. The event was very fruitful, students gained knowledge about Ro water filter, they interacted with local people and received feedback.

Report of the Event:

a) **Introduction.** Maintenance of good mental health is essential to achieve one's full potential, adapt to evolving situations, enhance self-efficacy, develop good coping mechanisms to face the difficult situations, have cordial relationships and live in harmony with environment. With that in view, Tulsi Healthcare Centre which is a well-known Institution for mental health care and rehabilitation was visited by 20 students of M Phil (Clinical Psychology) and PDCP students on 29 Nov 2023.

b) Objectives of the Event:

1. To give exposure to students of treatment of institutionalized patients.
2. To familiarize students with the use of neurological modulation techniques.
3. To involve trainees of Faculty of Behavioral and Social Sciences in community outreach services.

c) Brief description of the activities-

- 20 students of M Phil Clinical Psychology and PDCP students under Brig Randhir Singh Yadava, Assistant Professor, department of Clinical Psychology reached Tulsi Healthcare Centre, Sector 64, Gurugram.
- The team was received by Mr Rahul Gupta who briefed the students on general working of the institution.
- Dr Gorav Gupta, the Founder and CEO of Tulsi Healthcare, educated the students on the current scenario of mental health in the country.
- The students attended a group counselling session for heterogeneous patients by Dr Gorav Gupta.
- A visit to Neuromodulation Lab was conducted by Dr Cheena Choudhary, Sr Manager, where the students were familiarized with various devices to include VRET, ECT, Deep Brain Stimulation therapy and Ketamine Therapy.
- The students also interacted with the patients and got insight into their problems.
- The students also visited the indoor games stadium and learned the importance of physical and recreational activities.

e) Feedback

Shamika Ganguly April Year 2
Tilasi Mental Healthcare is the largest
private psychiatric hospital in NCR
and for all of us the first private
psychiatric hospital visit. We met
Dr. Gorav Gupta and watched his group
psychoeducation of patients who were
mostly from upper SES. We visited the
rooms, saw the work stations where
therapy was held, the activity room,
the indoor stadium. We were also
shown the ECT area, TMS, virtual
reality, Ketamine Therapy and
Biofeedback rooms. We interacted
with the marketing executive and
Sheena who is a Sr Manager
counselling. Most rooms were
either single, double or triple. They
had a separate VIP floor. The
activities included Physiotherapy,
gymnasium, billiards table, table
tennis table. Thank you for
organising this visit.

Rhea Kumar, MPhil 1st year

A very informative educational excursion. Tulsi healthcare was an impressive infrastructure for rehabilitation of individuals with chronic mental illness. The group therapy session delved into the nuances of patient's role in treatment and medical compliance.

Swati Sharma, MPhil 1st year

The visit to Tulsi Healthcare Centre was a very insightful experience. We observed the various facilities provided by the centre to its IPD and OPD patients. The manner of functioning of this institution was impressive and praiseworthy. The staff was welcoming and we had interesting conversations about their day to day experiences.

Angela Mathia, MPhil 1st year

Visit to Tulsi Healthcare Centre was very informative experience. The interactive group session gave insight on the functioning & challenges faced in a private psychiatric centre. The staff was welcoming, and the infrastructure as well as various neurotechnologies was interesting.

List of Participants: The students attended the Group Session which had about 30 patients with heterogeneous psychiatric problems. Students also interacted with one-to-one basis with the patients. There were about 75 patients admitted in the Institution.
